### Board Unanimous On Wage Finding For B.C. Loggers

A three-man conciliation board today unanimously recommended an 11 per cent or 13 cents per hour, whichever is greater, wage increase for 20,000 B.C. Coast employees in the logging and sawmill industry.

In addition to this overall increase the board also recommended unanimously a further increase of 10 cents an hour for engineers and brakemen and 5 cents an hour for all other employees on logging railway train crews.

The board was headed by Mr. Justice H. I. Bird. Harvey Murphy was nominee of the International Woodworkers of America (C.L.L.-C.I.O.), while James A. Macdonald was nominee of the employers.

The board also:

1. Rejected a proposal to create a differential between employees engaged on the second and third shifts but recommended an increase in the existing differential from 5 cents to 6 cents per hour for all employees engaged on other than day shift.

2. Rejected the proposal to provide for a guaranteed daily wage for contract workers.

**RETROACTIVE**  
The board suggested that the wage increase be made retroactive to a date 75 days prior to the acceptance by the union of the recommendations.

The increases should apply only to an employee on his employer's payroll at the date of acceptance by the union and also to former employees who shall make application for payment of retroactive pay within 30 days from the date of acceptance of the recommendation by the union except such former employees as have been discharged for cause prior to the date of acceptance.

For contract workers the board recommended the following increases:

1. Fallers and buckers, 13 cents per 1,000 F.M.B.
2. Shingle sawyers, 5 cents per square.
3. Shingle packers, 4 cents per square.

Those shingle sawyers and packers, fallers and buckers employed at hourly rates should receive 13 cents an hour or 11 per cent, whichever is greater, the board said.

The board made no recommendation proposals for creation of a welfare fund, for incorporation of a provision relating to union security or for provision for bonding.

"The board is agreed that each of its members shall file at as early a date as possible his individual reasons for the conclusions now reached and any comments thereon," said the report.

It was recommended that the master contract be dated 75 days prior to the date that acceptance is made by both parties.

The board held meetings during August and after the last meeting in August "efforts were made to effect conciliation between the parties, but without success upon any of the matters in question," said the report. The hearings were concluded last Friday, day and night sessions being held for two days to conclude the proceedings.

Negotiations for the 1948 contract for the province's lumber and logging industries opened in the spring.

### 'Red Flame' Near The Pas New Clue To Missing Plane

THE PAS, Man. (CP)—A helicopter and other search planes concentrated today on a section of dense bushland 37 miles west of The Pas airport in the hunt for a missing United States navy plane following the sighting of a "red flame."

Search officials said additional planes were sent to the spot as those aboard one plane reported seeing the flame Sunday night.

One R.C.A.F. officer described this latest clue as one that has made searchers "cautiously hopeful" that there might be concrete developments shortly.

The newest clue followed a re-

### 73 On Stricken British Ship Known Here Safe

MIAMI, Fla. (AP)—The master of the stricken British freighter Lochmonar reported today the 73 persons aboard, including six passengers, were safe as a hurricane with winds of over 100 miles an hour moved away from the ship and closer to the coast of Cuba.

South Florida from Miami through the keys was placed in the "danger zone" of the storm which Sunday trapped the Lochmonar, a 9,000-ton vessel.

A message from the ship said:

Consider passengers and crew safe on board until weather calms. Do not think ship will break up. Vessel settled more and pounding eased. Holes in five fuel tanks. Three holds taking water slowly. Auxiliaries working. Sky clearing and wind easing slightly. Tug Curb standing by."

#### BOISTEROUS WEEK-END

Strong winds from a northeaster buffeted the keys during the week-end.

Ed Eicher, Florida Sun man who flew over the Lochmonar in a navy plane, said "her nose was rammed into a reef and part of her rudder and propeller were out of the water. We could see the entire water line of the ship. Gales were blowing hard against the vessel and threatening to turn it sideways on the beach

### Sick Little Girl Found In Vancouver

VANCOUVER (CP)—A small, lost girl is in hospital today suffering from acute appendicitis and an infected ear, after being found wandering aimlessly through downtown streets here Saturday.

Aged about four, the barefoot child was unable to tell police who her parents are, or where she lives. She said her name was Margaret Peters. Police are investigating a lead which may uncover the child's family.

and perhaps toss it on its side," he said.

The Lochmonar, a Royal Mail Line vessel, is one of the company's passenger-cargo vessels making regular runs between B.C. and the United Kingdom. Although normally calling in at Victoria, the Lochmonar this time was en route home from Vancouver, according to Eric Marshall of George Paulin Ltd., shipping agents.

Mr. Marshall said six passengers had boarded the vessel in B.C. All were from Vancouver, and one was a nurse from the mainland city.

Survivor of World War II, the Lochmonar was one of three vessels which called at B.C. ports on a regular service before the war.

Well known to this coast, the Lochmonar figured in the headlines once before when she collided with another British motorship, the Pacific Grove, off the Strait of Juan de Fuca, 10 miles south of the Swifsure Lightship, in September, 1939.

### Drew Announces He Is In Field For Leadership Of P.C.

TORONTO (CP)—Premier Drew of Ontario today announced he will allow his name to go before the Progressive Conservative Convention, meeting in Ottawa Sept. 30-Oct. 1, 2, to choose a national leader to succeed John Bracken.

The Premier announced his decision in a statement issued to the press shortly before noon.

The 54-year-old Premier has been looked on as a strong possibility for the national leadership ever since Mr. Bracken months ago announced he would resign because of his health.

"Now I am urged to enter a new field and let my name go before the convention which will choose the national leader of the Progressive Conservative Party," said the statement.

The decision rested with the delegates. "If it is their decision that I can be of greater service to the people of Canada in the wider field, I believe it is my duty to accept that responsibility."

### Latvian Refugees' Ship Reported Safe

HALIFAX (CP)—The Latvian ship Volo, carrying 37 "refugees from communism" to Canada, is believed safe in port, it was reported today.

The Volo, a former British gunboat, previously was presumed lost after leaving Liverpool, Eng., for Halifax.

### LATEST Move Acceptance

VANCOUVER (CP)—Officials of the International Woodworkers of America (C.I.O.) today advocated acceptance of recommendations handed down by the three-man conciliation board in Victoria.

### Livestock On Move

CHICAGO (AP)—Cattle flooded into the major United States stockyards today in the largest numbers since last Oct. 6.

A total of about 129,000 head was recorded for 12 principal terminals, compared with some 143,000 on the most recent larger day.

### Spy Witness Mute

WASHINGTON (AP)—Mrs. Louise Branstetter refused today to answer House of Representatives un-American Activities Committee questions regarding its investigation of a to-morrow espionage. She declined on the constitutional grounds that replies might incriminate her.

## 'When People Could Not Get On With Hitler They Came To Me'

THE AMERICAN SOLDIER who searched me in the ante-room of the Nuremberg prison took away my pocket knife. That was an object I could not be allowed to carry to my first interview with my client.

For my client was big game. They were taking no chances with him. They intended that he

should not escape them alive nor escape them by death.

My Client was Reich Marshal Hermann Goering.

Hermann Goering, second in command in Nazi Germany after Adolf Hitler, Hermann Goering, now, with Hitler dead, indisputably the leader among the defendants of the most spectacular trial ever held, the world's first attempt to make aggressive warfare a legally punishable crime, Hermann Goering, who himself described to me his position in the Third Reich in these words:

'People Loved Me'

I was the only man in Germany except Hitler who had no delegated authority. I owed my

### B.C.E.R. Wants New Bus Fares In Effect Oct. 3

The British Columbia Electric Railway Co. Ltd. has asked the Public Utilities Commission to approve the new Greater Victoria transit fare structure for introduction Oct. 3.

This was learned today at the hearing of the commission of the company's application for approval of the new fare structure. The new structure, approved by the four municipalities involved, provides for an increase of cash fares from seven to 10 cents, for tickets from four for 25 cents to four for 30 cents and for weekly passes from \$1 to \$1.35. The application also calls for restrictions on the use of the weekly pass.

At the hearing today the company also applied for a 40 per cent increase in the flat rate for electric hot water heating for tap use, and to make permanent the interim increases effected in June in domestic gas prices.

"The basic policy," A. E. Grauer, president of the B.C.E.R., said at the outset of the hearings, "is that the company is restricting its requests to the minimum it feels is necessary so that it can function under present circumstances, and, again under present circumstances, have a reasonable chance of raising required new money for necessary capital expenditures. In other words, the company is not asking for rate increases which will immediately give it its full allowed return, as it is entitled to under the Public Utilities Act."

"A necessary corollary of this policy is, that as the company is restricting its requests to a minimum," he added, "it must be granted all those requests or their equivalent. If, that is, one or more of our applications should not be granted, we would have to put forward alternative applications for gaining the equivalent revenue and thus protecting our ability both to function and to raise capital."

### Vesuvius Quiet

NAPLES (Reuter)—Fears that Mount Vesuvius, famous volcano, had erupted were discounted today by Prof. Giuseppe Imbo, director of Vesuvius Observatory. After dense clouds of smoke had enveloped the volcano, Dr. Imbo investigated the summit and found minor land slides on the brink of the crater had given rise to clouds of dust. Vesuvius has been quiet since the eruption of 1944.

### Boxer Arrested

PORTLAND, Ore. (AP)—Portland police today reported the arrest of a former stand-out boxer accused of taking part in a \$15,000 Seattle robbery.

Lieut. C. E. Sanders identified him as James A. Garrison, 32, who twice fought Henry Armstrong for the welterweight title before the war.

He said Garrison, who gave his address as Beaverton, Ore., confessed participating in the \$15,000 robbery of the Macao Club in Seattle Sept. 4.

## Says Guard Needed To Forestall Such Deeds As Bernadotte Slaying

### Holy Land Under U.N. Mediator's Posthumous Word

PARIS (AP)—A posthumous report by the murdered Count Folke Bernadotte declared the United Nations should step in to end the Palestine war if the Arabs and Jews fail to make peace.

The mediator wrote that "Israel exists in Palestine," and the future of Arab Palestine should be left to the Arab states, "in full consultation with the Arab inhabitants" of the Holy Land.

The Holy City of Jerusalem, where he and French Lt.-Col. Andre Serot were shot to death last Friday, should be placed under United Nations control, the report said.

The report, which will be one of the problems facing the General Assembly opening tomorrow, also recommended changes in the Palestine partition plan.

### DESERT FOR ARABS

"The Negeb Desert of southern Palestine, he said, should become Arab territory. Most of it was given to the Jews under the partition plan.

All of Galilee should be "defined as Jewish territory," he added. The partition plan gave western Galilee to Arab Palestine, but it now is under control of the Israeli army.

### Boxer Arrested

PORTLAND, Ore. (AP)—Portland police today reported the arrest of a former stand-out boxer accused of taking part in a \$15,000 Seattle robbery.

Lieut. C. E. Sanders identified him as James A. Garrison, 32, who twice fought Henry Armstrong for the welterweight title before the war.

He said Garrison, who gave his address as Beaverton, Ore., confessed participating in the \$15,000 robbery of the Macao Club in Seattle Sept. 4.

PARIS (CP)—Prime Minister King arrived here today to lead the Canadian delegation at the sessions of the United Nations' General Assembly.

Just before the Prime Minister's arrival, Secretary-General Trygve Lie disclosed that he will demand urgent formation of a United Nations guard to forestall such acts as the assassination of Count Folke Bernadotte and to maintain order in disturbed areas.

As soon as possible after the 58 countries' delegates assemble tomorrow, the United Nations' administrative chief will ask for a United Nations constabulary of from 1,000 to 5,000 men backed by "the full authority of the United Nations."

A well-informed source at United Nations headquarters said today Lie had already spoken to a number of national delegations and generally received a favorable reply.

In his annual report to the General Assembly, Trygve Lie said a United Nations constabulary would have "greatly increased the effectiveness of the work of the Security Council, and have saved many lives, particularly in Indonesia and Palestine."

Dr. Jose Arce of Argentina, retiring president of the General Assembly, said Saturday the United Nations needed an army of 10,000 to maintain order in Palestine alone.

## Israel Takes Wide Powers To Smash Terrorist Gangs

TEL AVIV (CP)—Persons convicted of taking an active part in terrorist activities in the Holy Land will be liable to from five to 20 years in prison under emergency regulations signed tonight.

The regulations, signed by the Israeli Prime Minister and Defence Minister, are designed "for the prevention of terrorism."

The regulations also provided for one to five years' imprisonment for membership in terrorist organizations and up to three years' imprisonment or a fine of £1,000 (\$4,000) or both for support of such organizations.

Israeli Foreign Minister Moshe Shertok informed Dr. Ralph J. Bunche, acting United Nations mediator for Palestine, Sunday night, his government had "adopted special emergency regulations giving it sweeping powers

to take action against terrorist organizations, their members and accomplices."

Shertok told Bunche that 150 members of the Stern group, accused of assassinating Count Bernadotte, U.N. mediator for Palestine, and French Lt.-Col. Andre Pierre Serot, U.N. observer, Friday in Jerusalem, had been arrested in the Holy City and 50 others in Tel Aviv and elsewhere.

The Sternists had been packed off to Jaffa for dispersal into the Israeli army.

Shertok informed Bunche "vigorous investigations are proceeding to probe deeper into the mystery of the crime and discover the real culprits" in the assassination. He announced that all suspects will be paraded before eyewitnesses of the assassination.

## Arab League Announces New Government For Palestine

AMMAN, Transjordan (AP)—Over the strong protests of Transjordan and Iraq, the Arab League today announced formation of an Arab government for Palestine.

Ahmed Hilmy Pasha, military governor of the Arab-held section of Jerusalem, was appointed Prime Minister of the new government, an official announcement here said, despite a declaration from King Abdullah of Transjordan that such a government would amount to partitioning Palestine.

The Arabs have fought against partition ever since the beginning, he said. King Abdullah refused to permit formation of the government "within the security zone of the Transjordan government, which extends from the Egyptian Kingdom's frontiers, to the frontiers of Syria and Lebanon."

### Fire In Cannery

STEVESTON (CP)—Volunteer firemen and a fire boat fought for two hours Sunday before they controlled a fire in the B.C. Packers' Imperial Cannery here. The blaze started when a coal bunker exploded and blew the top off the plant's boiler-house.

### Socialists Retain Position As Chief Party In Sweden

STOCKHOLM (AP)—The Social Democrats (Socialists) won 112 of the 230 seats in the lower House of Sweden's parliament Sunday, maintaining their position as the country's leading party.

Preliminary final returns showed today the Liberal Party had captured 57 seats, a gain of 31, and emerged as a strong opposition to the Socialists who have been in power 16 years.

The Socialists lost three seats. This took from them absolute control of parliament in which they had held precisely half the positions.

The heaviest loser was the Conservative Party, which plummeted from 39 to 22 seats, a loss of 27.

Communists dropped six and held nine of their 15 places.

## U.S. Plans To Keep Troops In Korea Till U.N. Acts

United States gave notice today that American occupation troops will remain in Korea until the United Nations' General Assembly takes up the issue of Korea's future at Paris.

The State Department said in a formal statement that the U.S. government has no intention in the meantime of matching Russia's announced intention to order troops out forthwith.

A decree of the Presidium of the Supreme Soviet in Moscow

announced Sunday that all Soviet troops would be evacuated from the Russian Zone in Northern Korea by Jan. 1. Moscow expressed hopes the United States would follow suit in the southern zone.

The United States has been ready at all times to pull out American occupation forces "at the earliest practicable date" after an independent Korean government is set up, the department said.

## Goering's Own Story (Continued from Page 1)

Unrepentant And Proud  
To Be Villain No. 1

I recalled my last view of him on the screen. The time was November, 1941, the place Kaluga, near Moscow. My regiment was engaged in the Battle of Moscow. For months we had been marching, fighting, marching fighting, first in scorching heat, then in icy storms.

At Kaluga we were savoring three days' rest. In its huge moving picture theatre, which seats 2,000, we saw the first films which had been shown us for a long time.

Goering was the hit of the news reel. His enormous bulk magnified by a heavy fur coat, he was pictured trying to enter his special train. Its door was narrow—narrower than the Marshal plus his coat. We relaxed from the Battle of Moscow by watching the Battle of the Narrow Door. Goering won. He got in—but it wasn't easy. We roared with laughter.

He had lost some of that weight now, a great deal of it in fact. The bones showed more sharply under the strong angular skull now that the flesh had thinned. The skin was slack beneath the eyes and about the lips. The double folds of the eyelids, the slight reddening of the whites of his deep blue eyes, gave him a sorrowful expression, like that of certain dogs.

There was nothing sorrowful about his voice. I had remembered it as high and penetrating. Now it was full and sonorous, very clear. His enunciation was precise, almost hard. He rolled his R's strongly. He seemed to throw his whole personality into his words. Even in prison, even facing the condemnation to death which he considered certain (for Goering never had any illusions about that), he remained self-confident, sure of himself.

From this time forward I was to see Goering day after day, to sit across the table from him, no more than three feet away, but separated by steel bars which divided the world of the free and the living from that of the imprisoned, the living dead. That first impression always remained, of a man whose self-assurance stayed with him to the end.

**Criticized U.S. Manners**  
He kept on good terms with his American guards, though they might have been colder to him if they had been able to understand the caustic remarks he made to me in German about

Nazi in his warpaint... Hermann Goering as head of the German Army and Air Force.

their manners. I was not accustomed to their free and easy habits either, so different from ours, and I was taken aback when, from time to time, the soldier seated beside Goering leaned back in his chair and planted his feet on the table, giving me a close-up view of the trademark on his rubber heels.

The one man Goering really hated among his custodians was Colonel Cliff Andrus, responsible for security measures, whom Goering usually referred to as "the fire chief," because of his lacquered helmet.

"He hates me most of all," Goering said to me, "because I have kept my poise. He exposes me to petty annoyances to make me feel that I am in his power."

Among the rules imposed by Andrus which irritated Goering, for instance, was his order that defendants should not be addressed with the title "Herr" or "Mister," but only by their last names.

If Goering disliked Andrus, he was on as friendly a footing as the circumstances permitted with many of the guards. One day I entered to find him being photographed with the officer of the guard, a captain from Texas, with whom he was smoking and chatting animatedly. On another occasion I found him arguing with the captain and with his own guard about the Louis-Schmeling fight, a sore point with our racists, who could not accept the defeat of an Aryan champion by a negro.

**Alibi For Schmeling**  
Goering jumped to his feet and, shadow boxing, demonstrated a foul to the kidneys, which he claimed was the blow which had knocked Schmeling out. The Americans started shadow boxing, too, in support of their argument that Schmeling was fairly beaten. The talk ended with a technical K.O. for Goering—he succeeded in persuading the guards to admit that though Louis was stronger, Schmeling was a more scientific boxer.

The guards also joked with Goering about his wine cellar. They thought it would be worth finding.

"You bet it is," Goering told them, "but it's well buried. Like to know where it is?"

The guards' eyes lighted up with anticipation.

"It's in the Russian zone," Goering said banteringly. "Just kick the Russians out and I'll lead you to it."

If Goering maintained his morale in jail, he maintained also one of his most noted characteristics—his vanity.

He was pleased that his uniform was brushed daily, his trousers pressed regularly, and that he was allowed a good uniform to wear in court in addition to the one he put on daily in his cell. But he protested because his medals had been taken from him. That, he insisted, was contrary to the Hague Convention. He had surrendered to the Amer-

icans, he was a prisoner of war, so he was entitled to keep his decorations.

I asked him once myself, diverging from the more important questions touching his defense

**Proud Of Being Bad**

He was proud even of being first among the worst—of being, that is, war criminal number one. He insisted on being recognized as the ranking defendant at the trial—which of course he was. But one day, when the defendants were lunching together and he had been badgering Admiral Doenitz, whom Hitler had named at the last minute as his political heir in Goering's place, Doenitz became annoyed and retorted, "After all, I've been Hitler's successor too, you know."

"You and your week-end government!" said Goering scornfully.

Doenitz flew into a rage, which Goering mollified by saying that he was glad he hadn't been the one chosen to carry out the thankless task of surrendering. Yet his brief displacement by Doenitz seemed to rankle, for he remarked to me proudly, on Jan. 31, 1946, that the other defendants now acknowledged that he was the heir of the Fuehrer and the ranking defendant—in other words, the greatest war criminal.

"Even Doenitz realizes now," he said benevolently, "that he owed his appointment to a mere accident."

The position of war criminal number one entitled Goering, he seemed to think, to a certain amount of deference. He spoke to me indignantly one day about his wife's shortage of clothing.

"They might at least leave enough to wear," he said, "to the wife of the chief war criminal."

### City Minister Reached 80th Birthday Sunday

Rev. W. G. Wilson, minister of First United Church here for 17 years before his retirement in

1938, celebrated his 80th birthday Sunday.

One of the most beloved churchmen in Victoria, Dr. Wilson today takes an active interest in church affairs, but participates only now and then. He proudly makes the claim that he has married more than 3,000 couples during his ministry.

A native of Ontario, Dr. Wilson was ordained May 28, 1908, and came to Victoria after preaching on the prairies in 1920.

## Great Air Show Thrills Thousands

Victorians saw at close range one of the R.C.A.F.'s Vampire jet aircraft Saturday at the air show. One of the two craft which put on a 500-mile-an-hour display is seen above in a roped-off area after landing.

If any of the thousands who attended the Victoria Flying Club's second annual air show Saturday were not air-minded before they saw the demonstration at Patricia Bay airport, they definitely were afterwards.

The mammoth four-hour aerial performance, run off under clear skies before an estimated 10,000 persons, outdid even advance advertising as every item gave one sort of thrill or another.

It was a toss-up between two R.C.A.F. jet-powered Vampires and N. W. "Swede" Ralston for the highlight of the show.

### SWOOPED DOWN

Late in the afternoon the two jet planes fooled even flying club officials by coming over from Vancouver too high to be seen

A boulevard tree was nearly uprooted and the car which hit it sustained \$150 damage as a result of a collision early Sunday morning, city police report. Walter Logan, 2024 Belmont Avenue, said he was proceeding south on Davie Street when another car, coming north, appeared to be coming right at him. Mr. Logan said he swerved to avert a crash and wound up against the tree.

then swooping down and buzzing the field—at over 500 miles per hour—before the public address announcer could announce their arrival.

For a quarter of an hour they swished and screamed over the heads of the crowd, zooming down the runways at 50 feet, then pulling straight up to about 5,000 feet.

They rolled and looped with reckless abandon, did 90 degree banks and generally made all present extremely happy that the four guns in the nose of each Vampire were not meant for use that day.

One of the sleek silver craft, with an amazing change of pace, landed at only a slightly faster speed than large multi-engine

aeroplanes. It was put on display in a roped-off area for the public to have a close-up view.

### THRILLING DISPLAYS

"Swede" Ralston's two thrilling aerobatic displays, plus a brief turn over the city to publicize the event, had the spectators gasping.

Flying a Harvard, used as a fighter pilot trainer by the R.C.A.F. during the war, he performed loops, rolls, rolls off the top of loops, made heart and bow designs with a smoke trail and flew half a mile upside down.

A feature was his hesitation roll, where Ralston did a complete revolution stopping briefly every 45 degrees.

The 31-year-old stunt pilot, who performs to show the safety of flying rather than the "death-defying" aspect, concluded his act by landing, switching to a Piper Cub and showing "How Not to Fly."

He bounced the wheels on the runway, and did everything that would be termed flirting with death if done by a less-experienced person.

Other features of the show, easily the best ever put on here, included aerobatics in a Tiger Moth by Mrs. Rolie Barrett, only woman instructor in B.C., a display of crop-dusting by Art Stellar, White Rock, B.C., a half-hour descent by the U.B.C. Glider Club's sailplane, and a formation

### Veteran Newspaper Columnist Dies

VANCOUVER (AP)—Milton Cornell "Tex" Lane, 66-year-old veteran newspaper columnist and former news editor of the Victoria Colonist, died in a hospital here today.

Since 1938 he had been on the staff of the Vancouver Daily Province writing a column under the byline of "By Tex." During his long career he had worked on both Canadian and United States newspapers, including the Winnipeg Free Press, the Regina Leader-Post, and the Edmonton Bulletin.

He is survived by his wife, Georgie Lane, now a reporter on the Vancouver Sun.

### Weather

Weather synopsis and official forecast issued from the Dominion Public Weather Office at Vancouver at 9 a.m., Sept. 20, valid until midnight Tuesday:

A rather weak storm centre lies over Vancouver Island and another active storm centre is approaching the Queen Charlotte Islands. Gale warnings have been issued for northern coastal areas.

Rain is falling over nearly all sections of the coast and has also been reported from the central and northern interior. The cloudy skies will spread to the southern interior during the day.

Unsettled weather will continue in most regions of British Columbia on Tuesday.

Vancouver and vicinity, Lower Fraser Valley, Georgia Strait—Overcast with light intermittent rain today and Tuesday. Winds southeasterly 20. Little change in temperature Tuesday. Low tonight and high Tuesday at Vancouver airport 55-62, Abbotsford airport 52-62, Nanaimo 52-62.

Victoria and vicinity—Overcast today and Tuesday. Scattered showers. Winds southwest 20 this afternoon and Tuesday afternoon, otherwise light. Little change in temperature Tuesday. Low tonight and high Tuesday at Victoria 50-60.

Because of the great variety of problems facing management it is important that the man who has contacts with businesses other than your own should not be missing from your conferences.

The executive officers of The Bank of Toronto have these contacts. They co-operate with the manager of your local branch of this Bank in supplying information relevant to your problems.

Not infrequently this information will aid you in arriving at a sound solution, because very often the information is presented in the light of the accumulated experience of this Bank, in good times and bad, throughout nearly a century.

We cordially invite you to make the fullest use of this Bank's ability to render you extremely helpful service in the effective solution of your business problems—large or small.

Standing out from a clear blue sky is an almost-completed "heavenly heart" aeronautically etched by stunt pilot "Swede" Ralston, who thrilled the crowd of about 10,000 persons at the Victoria Flying Club's air show with his amazing low-level loops, rolls, and other aerobatics.

fly-past by five Harvards of 422 (Auxiliary) Sqdn., R.C.A.F.

Throughout the afternoon 37-inch guns of the 5th B.C. Heavy Anti-Aircraft Regt. were on display. Power models were flown between regular acts, and members of the Victoria Motorcycle Club helped to control the tremendous crowd.

At a dance in the former R.C.A.F. recreation hall in the evening, Mrs. Amy Swan, 1182 Fort Street, was holder of the lucky ticket and won \$500 cash or a free trip to Hollywood.

Prior to the show, a swarm of light planes flew over the city and "bombed" it with hundreds of balloons as an advertising stunt.

Proceeds of the event, put on jointly by the Victoria Flying Club and the Kinsmen's Club, will go to Kinsmen charities.

## FOR ITS THIRD SESSION

**TOMORROW IN THE GREAT AND HISTORIC CITY OF PARIS** the General Assembly of the United Nations will convene for the third time since the organization came into being at the San Francisco Conference in the spring of 1945. It will begin its deliberations under painful and disturbing conditions. Its flag will fly at half-mast over the palatial meeting place in memory of the late Count Folke Bernadotte and Col. Pierre Serrot—two of its own officials—who fell mortally wounded by the assassin's bullets in Jerusalem last Friday.

What progress this nearest approach to a Parliament of Man will be able to make toward satisfying the promise of its foundation in the next few weeks must remain in the realm of conjecture. The times are still sadly out of joint. The delegates from the 58 states which compose the Assembly's membership cannot fail to be moved by the political, economic, and ideological conflict at the moment even dividing the people who are hosts to this third solemn convocation.

It should not be hastily assumed, however, that because there are seven "little wars" at present in progress in various parts of the world—with the prospect of Arab and Jew resuming their bitter fight in the Holy Land at any moment—the efforts of the United Nations to fulfill the hopes of mankind are destined to eventual and utter failure. For the time being, at any rate, war in "the West" is still in its "cold" stage. But, as one commentator who reported from the French capital yesterday pointedly reminded his unseen audience, "the smell of cordite from lighted fuses is awfully strong." Much now depends upon whether the breeze occasioned by the constant explosive exchanges between the proponents of rival ideologies on the two sides of the "Iron Curtain" is sufficient to speed the sputtering of the fuses toward the great powder keg which is visible to all who are following an international drama that may ultimately end in World War Three.

On the other hand, of course, the deliberations to begin tomorrow will or should provide adequate opportunity to educate the peoples of this troubled planet in the full significance and implications of the current battle of the ideologies. Plain speaking can be expected; and the plainer it is the greater the prospect of molding a sufficient body of public opinion throughout all those nations whose peoples still have enough freedom of thought and action to give effect to their desires and demands upon their respective governments.

Little purpose is to be served by placing all the blame for the apparent failure of the United Nations to reach its objectives on the extraordinary behaviour to date of the men who control the destinies of the Soviet Union and her 190,000,000 citizens. Some of the statesmen who represented other countries at the San Francisco Conference and signed the Charter, wittingly or unwittingly, have not been as helpful as they could have been on occasion. But the salient fact remains, and only the purblind cynic will deny it, that Prime Minister Stalin and his colleagues of the Politburo in Moscow are following and have consistently followed the identical technique upon which Adolf Hitler based his bid for world conquest with his so-called "New Order" as the bait to the peoples of what he called the "effete democracies."

And not even the stubbornest disciple of the Russian counterpart of the Nazi philosophy, if he or she be honest with himself or herself, would seriously argue that the people of the Soviet Union have more than an infinitesimal fraction of those freedoms set forth in the Charter of the United Nations—the document to which Stalin's envoys at San Francisco appended their signatures three years and three months ago. In other words, therefore, the manner in which the Kremlin's delegates conduct themselves at this third session of the General Assembly may reveal whether "the smell of cordite from lighted fuses" in the West is to grow stronger or weaker.

## OUT OF DATE WHEELER

**ON THIS PAGE THE OTHER DAY** WE quoted an extract from a speech which former United States Senator Burton K. Wheeler delivered recently in criticism of the manner in which he thought the nations of western Europe were accepting economic assistance dispensed by the "Marshall Plan." It would be surprising if the ex-member of the Upper Chamber from Montana could not find something upon which to vent his isolationist spleen—particularly if he could cast aspersions on Great Britain.

In view of the fact that Wheeler was repudiated by his constituents in the off-year elections of 1946—not perhaps because of his activities as a leading light in the "America First" campaign prior to Pearl Harbor, but more likely because he belongs to that element of the population in the neighboring Republic which sees little good in anything deriving its driving force from a philosophy not in conformity with its own theories—because of this, little significance may be attached to his remarks.

When Mr. Wheeler says that the people of Europe want American money to spend it as they please, and that they are, at the same time, "going back to the old national-

ism," he conveniently forgets that if he and those of his compatriots of a similar persuasion had not closed their eyes to realities when Britain stood alone against the German tyrant in the dark days of the spring and summer of 1940, the Marshall formula either might not have been necessary, or the financial obligations inherent in its terms might have been considerably smaller.

But because the former Montana Senator no longer is a very important figure in the public life of his country his observations on international affairs need not be taken seriously. Should any be inclined to place weight on his opinions, however, it is only necessary to recall that his isolationist fulminations, expressed in a speech on December 7, 1941, were abruptly interrupted by the announcement that bombs were at that moment falling on the pride of the United States fleet in Pearl Harbor. The recollection of that fact should place a definite stamp on the type of fancy which Mr. Wheeler occasionally weaves.

## QUICK JUSTICE NEEDED

**THE ALACRITY WITH WHICH** THE government of Israel has come forward with condemnation of the assassination of Count Folke Bernadotte, the U.N. mediator in Palestine, and the severity of its measures to discover the murderers, bear ample witness to Jewish appreciation of the fact that the manner of the Swedish official's death has dealt a heavy blow to the cause of Jewry all over the world. Believed to have been committed by Stern gang extremists on the stupid pretext that Count Bernadotte was carrying on his peace-making efforts under British domination, the terrorist act will cause many otherwise neutral observers to wonder if Jewish authorities have really established their right to self government and national independence.

To kill a man whose only thought was to preserve peace until the international organization could devise a just settlement of the Palestine problem was an act of criminal irresponsibility. The underground group that fought alongside official Jewish troops, to establish a homeland has long since become a serious liability to Israel's cause. More goodwill has been lost through the Stern gang's murderous acts than years of painstaking effort could achieve for Israel. Only quick and adequate punishment of the perpetrators of the assassination will help to ameliorate what Jewish officials have rightly called "this unforgivable and dastardly act."

## STIMULATING ACTIVITY

**ALTHOUGH FINAL FIGURES** WILL not be available until early next month, indications that night school courses sponsored by the Greater Victoria School Board will reach record proportions this year strike an encouraging note. More and more of our people are turning to this stimulating avenue of recreation and self-improvement. And as they gain some mastery of the various subjects offered, they add that much more to their enjoyment of life.

In many instances, of course, training at the night sessions will help to equip students for particular jobs. But even in those cases where they are undertaken purely for relaxation the dividends are high. The individual who learns to use woodworking tools, for instance, may expend more time on a project than is merited by its actual cash value, but into the accomplishment of his or her task is built a sense of achievement which the purchase of a better article ready-made cannot furnish. In all such fields of achievement reside values which cannot be measured in money.

## KEEPING CHARACTER

**THERE MAY BE A CERTAIN AMOUNT** of public sympathy with the Hollywood actor's wife who has sued for divorce on the grounds that her husband has become unduly influenced by his "hard boiled" roles on the screen, leading him to become "engaged about insignificant things" at home. Many a stage or movie performer, especially when engaged in a play enjoying a lengthy run or in a long series portraying the same character, must become more or less affected by his carefully acquired new traits and indulge them when away from the footlights or cameras. To this extent it might be well for an actor or actress to examine a proposed characterization closely before signing up for work, to ensure that their own natures will not be demoralized by too close an association with shoddy ideals. Of course, it should work both ways. But we have yet to hear of a portrayal of, say, Joan of Arc or some great moral hero being noticeably ennobled after office hours by daytime contact with the subject at hand.

## NO PROFESSIONAL JEALOUSY

**ACCORDING TO A SHORT DISPATCH** citing the newspaper France Soir as its authority, Winston Churchill has asked the Duke of Windsor to stop writing his memoirs. How authentic the report may be will be subject to question, particularly on the basis of the traditional Churchillian defence of democratic rights.

Many memoirs of varying degrees of merit are being printed now by men formerly high in public office to reveal some of the less publicized events and influences which have had their effects on our times. It is a reasonable activity for a man who has retired somewhat from the hurly-burly of the day. If the Duke of Windsor feels he has something to say, surely he should be allowed to say it; and we can think of few things less in character than a request from Britain's wartime Prime Minister urging Windsor to lay aside his pen. If, however, the France Soir story is correct, none will accuse the master of English prose of professional jealousy toward the former king.

## Reconciliation Plea

An appeal by 19 distinguished Orientalists published in the September issue of United Nations World.

**WE PROFOUNDLY** deplore the conflict in Palestine, and the suffering and destruction it has already inflicted. It threatens the contestants with ultimate frustration and disaster. It involves the whole world in turmoil and controversy.

Largely the result of a long series of errors engendered by conflicting interests and mutual intolerance, it has now been reduced to the tragic and menacing character of a collision between the rival national aspirations of Arabs and Jews.

**WE BELIEVE THAT** this conflict can and must be resolved. It is now so old and so bitter that it has become increasingly futile to assess the relative merits of the opposing claims. These claims are based on events and actions of a generation or more ago, over which few persons now living exercised a determining influence. De jure contentions are academic when based on contradictory statements of facts and divergent theories of international law. It is therefore incumbent on friends of peace to review the situation as it actually presents itself today.

As historians familiar with the facts of Arab and Jewish history, we have been deeply impressed by the achievements of both peoples, by the many centuries of productive cultural co-operation between them and by the promise of future mutual economic achievements. History reveals no destined or irreconcilable conflict between them. There is between the two a close kinship, in race and language; in environment and social habits there also is much that is common.

**JEWS AND ARABS** are blood-brothers, and share the sublime spiritual heritage of ancient Israel. Jews have held the highest offices in Arab States; Jews and Arabs have interchanged concepts of the Godhead, prayers, poetic ideas and forms, medical sciences, textile processes, costumes and crafts, musical patterns. Jews and Arabs co-operated repeatedly in cultural achievements.

During the early Middle Ages, Arabic-speaking people were in the vanguard of Western civilization. They enriched and transmitted to modern Europe both the Graeco-Roman and the Asiatic cultures of which they are the heirs. Forty millions whose native speech is Arabic have been in contact with contemporary Western culture for a century, absorbing its standards, techniques and aspirations. They are now preparing for active participation in the task of building a world civilization.

**THE JEWS HAVE** miraculously survived almost incredible vicissitudes, thanks to their persistent faith in the God of their Prophets and teachers. For more than a century the Jews have also been full partners with the Christians of the West in the cultivation of Western civilization. Indeed, it may be said that the Jews have played a role far more important in the unfolding of Western intellectual and aesthetic life than could reasonably have been expected from their relative numbers. On the other hand, the inevitable reawakening of Arabic energies engendered cultural movements which progressively helped to close the gap between the two.

Now, however, though kinship is indisputable, though the omens of history are favorable, and the identity of economic interests is obvious, an intense nationalist conflict and, among extremists on both sides, a blind and dangerous fanaticism has developed.

**NATIONALISTIC FERVOR** CAN create and release immense constructive energies, awaken the finest traditions, consolidate a community in loyalty and mutual service; but exaggerated nationalism can also lead to cultural and political disintegration. This can lead to increasing conflict, continuing waste and ultimate impotence.

In this crisis of history, as we enter a new economic and technical epoch, the Arabs and the Jews would gain incalculably by collaborating in the tremendous task of building up the Near and Middle East. In the East, the Jews are few and own only an insignificant part of the available land, which they have cultivated to a state of high productivity. The Arabs are many and multiply rapidly; they possess vast undeveloped territories.

**IF THE TRAINED** skills of the Jewish community could be fully utilized in developing the latent resources in the hands of the vast Arab masses, both peoples would gain immensely. Nothing can hurt the Jews as much, in the long run, as a restriction of their creative potentialities to the supposed interests of their own people, excluding others. Nothing can hurt the Arabs, in the long run, more than failure to utilize the energies of Jewish and Christian communities in their midst. Five centuries ago Spain tried to eliminate Jews and Moslems; the subsequent history of Spain is a drastic commentary on the folly of such efforts.

**A PROLONGED CONFLICT** between Jews and Arabs can be disastrous to both, as well as to world peace. The intransigence which violently affirms that no claims shall be surrendered or even modified is a familiar phase of history, always leading to the same end—defeat for one party, and costly compromise and permanent damage to both.

They (critics of the new Progressive Party) are ripping the left wing off the American eagle, taking the red out of the American flag, and labeling as subversive every union member who eats salad without anti-Russian dressing—Henry A. Wallace.

## Showing Some Improvement

By PETER EDSON from Washington

**APPROACHING** end of the Greek army's campaign against the Communist guerrillas provides a good peg on which to hang a round-up of whether it's possible to win this kind of a war, what it costs and what it will take to finish the job through the Marshall Plan.

### COMBATING COMMUNISM

It was March 1947—only a year and a half ago—when the President went before Congress to announce what has become known as "the Truman Doctrine" for combating communism in foreign countries that wanted to be free. The President asked for \$400,000,000 as a starter. Military aid for Turkey was to get \$100,000,000. Military aid to Greece was to get \$150,000,000, with another \$150,000,000 for civilian aid.

It was May before Congress finally approved this highly controversial foreign policy. Survey missions went out at once. But it was June and July before any contracts were let, August before the munitions and consumers' goods began to arrive in Greece.

**AT THAT TIME** the Communies held or terrorized over half the country. The Greek army was disorganized and the Greek government demoralized. Though the British had succeeded in putting a king on the Greek throne and

had poured \$288,000,000 into trying to preserve the monarchy, they had failed. The British wanted to pull out and that was where the United States came in.

The prospect was about as hopeless as anything could be. But as of today, one year later, the business begins to look as though it might eventually pay off. Even the most skeptical critic of the Truman doctrine must admit that if it had not been carried through, Greece today would, probably be just another satellite in the Soviet orbit.

Ex-Gov. Dwight Griswold of Nebraska, American administrator of the Greek program, is coming home. A start has been made on reorganization of the Greek government, getting a little sense into its tax and fiscal policies. The relief and reconstruction program has not been finished, but what remains to be done is being transferred to the Marshall Plan Co-operation Administration.

### NOT ENOUGH

The original \$150,000,000 earmarked for military aid in the first year wasn't enough. It had to be raised to \$172,000,000. The extra money was obtained by cutting back the reconstruction program. Even that wasn't enough. An additional \$225,000,000 had to be appropriated by the last Congress to carry operations through June 30, 1949.

## Mr. Budenz Throws A Haymaker

By JAMES THRASHER from New York

**HENRY WALLACE** has had a lot of eggs thrown at him in the last two weeks. But it's no egg that Louis Budenz has thrown in an article called, "How the Reds Snatched Henry Wallace," in Collier's magazine. What Mr. Budenz has thrown looks more like a political haymaker.

### FROM EXPERIENCE

The author is the former managing editor of the Communist Daily Worker. He tells his story from his experience as one of the Reds who, he says, hatched the Wallace boom on orders from Moscow.

Something happened during Mr. Wallace's wartime visit to Siberia, he writes, that caused the Kremlin to send urgent directives to its American agents to support the then vice-president's political ambitions. The orders were issued at a meeting in June, 1944, which Mr. Budenz says he attended.

The article goes on to say that Communists all over the country—not identified as such, of course—flooded Democratic politicians with demands that Mr. Wallace be re-nominated for vice-president in 1944. They conducted a similar campaign when his appointment as secretary of commerce was up for Senate confirmation.

Mr. Budenz recalls that he was at another Communist meeting in February, 1945, when a top boss named Trotsky told the National Board, "We have taken Wallace into custody." And in December, 1946, the Red

periodical Political Affairs urged the creation of a third party and, says Mr. Budenz, "singled out Wallace as one who had 'contributed a great deal toward checking the GOP advance'."

### CANNOT BE DODGED

Mr. Wallace and his board of strategy may denounce the article as an election-year smear. But we don't think it can be ducked or brushed off that easily. It is, we repeat, no egg.

Any detailed answer that Mr. Wallace may make will be largely a matter of his words against his accusers. But there are external factors that will handicap the third-party candidate in any attempt to explain away the charges.

No one, not even Henry Wal-

lace, denies that he has the active and unanimous support of the American Communist Party. His campaign is being managed for the most part by persons with records of Communist sympathy and left-wing activity. He has never renounced the support of Communists as such, nor has he strayed from the general line of Soviet-Communist international policy.

Against such a background it will scarcely be enough for him to deny that he is playing the Communist game.

There is as little chance that Henry Wallace will be elected president in November as there is that the Communists will seize control of Washington tomorrow. But that is no reason to ignore the charges of Mr. Budenz.

If those charges are not disproved, then we must reflect that except for fate and conservative Democratic politicians, Henry Wallace would have been president for the last three years—a president in the custody of a hostile power's agents.

**STILL GULLIBLE?** Many loyal Americans supported Mr. Wallace's renomination in 1944. A lot of them have changed their minds about him since then. But some of them are still gullible. The accusations of Louis Budenz, a former Communist insider, will give the gullible the rude awakening and the warning that they need—unless Mr. Wallace can show convincingly that those accusations are false.

**Surrender of the Nizam** of Hyderabad to the invading forces from the Dominion of India may well have saved the Indian sub-continent such a bloodbath as that troubled land never before had experienced.

Certainly a continuation of the short-lived conflict threatened to precipitate widespread communal fighting which might have run the length and breadth of the great peninsula. It was the old, old story of Hindu versus Moslem—a story which has been written in blood for generations.

More than three-quarters of Hyderabad's population of 16,000,000 are Hindus, whereas his exalted highness, the Nizam, is a Moslem. The Dominion of India is chiefly Hindu and the troops sent into Hyderabad were Hindu. The rival Dominion of Pakistan, which is mainly Moslem, has been watching the invasion with a jaundiced eye, and many of its people have been calling for reprisals against the Hindus.

There has been enough dynamite in the situation to blow up the whole peninsula.

### NIZAM POSES PROBLEM

So the surrender is a godsend. However, it presents the Dominion of India with some stiff problems, chief of which is what shall be done with the Nizam. His exalted highness is the most powerful and richest of all the hundreds of Indian princes—said to be the richest man in the world, for that matter, with a fortune running into many billions of dollars. His family has ruled Hyderabad since 1712, when the dynasty was founded.

Moreover, the disposition of the huge state itself is in question—a delicate matter to handle in view of inflamed feeling.

### FACE-SAVING MOVE

It is interesting and perhaps significant that the invasion was commanded in person by Lt.-Gen. Mahrajah Shri Rajendrasinhji, who himself has princely rank as a close relative of the Maharajah of Nawanagar. The point, as I see it, is that the prideful Nizam might feel he could surrender to one of his own class without losing face. I suspect that the Dominion took that into consideration.

### TOO DEPENDENT

Ottawa Journal  
Feasibility of operating some sort of Canadian coast guard along lines parallel to that of the United States, is a matter for marine experts familiar with actual conditions to decide. To the layman it does seem that a wealthy and prosperous country like Canada should not be forced to depend on the good offices of her powerful neighbor to succor those in peril on the sea.

### PICKLES PASSED UP

Windsor Star  
Countless wives are annoyed by their husbands talking about the pickles mother used to make; men who wonder why their own women-folk cannot do as well, if, indeed, they pickle at all. Not many years ago women vied with one another in the excellence of their product. Some perhaps still do. But too many homes lack that tantalizing smell of cucumber or green tomato pickles being made.

### REAL FEATHERBEDDING

Ottawa Citizen  
Most people would consider it an achievement to lay an egg at all, but to learn that Canadian hens are now laying eggs so large as to make shipment difficult should fill this nation with pride. They are a credit to the country.

Fowlrymen are now to be asked to try to raise hens that will produce smaller eggs. Instead of presenting the hens to the rest of the community as an example of how to improve production, a policy of featherbedding is to be followed. It is a rather melancholy commentary on our times that production in any line can reach a stage where its efficiency must be retarded by artificial methods.

**Prime Ministers To Help Decide Course Of Europe**

LONDON (CP)—When Commonwealth prime ministers gather around a London conference table Oct. 11 they will help to decide the course of European unity.

These statesmen, united by the bond of loyalty to the King, have responsibilities beyond the Commonwealth for this reason:

In the United Kingdom and Europe, strong forces are working

for the creation of a European assembly, where co-operating countries could decide policies for their common good. But the British Labor government declines support at the moment. Prime Minister Attlee says he must await consultations with Dominion prime ministers.

The Australians in particular, concerned over what their spokesmen call British preoccupation in Europe, want to know how western European co-operation will affect their markets in the United Kingdom, its influence on defence policies of Britain in the Pacific, whether it can be fitted into the trading system within the Commonwealth without loss of existing advantages, and what obligations are being assumed. But the Labor government cannot let the question of a European assembly lie on the sidelines. Winston Churchill, still looked on as the strongest single voice in British public life, stands sponsor for a resolution, adopted by an unofficial congress of Europe at The Hague in June, asking an assembly be created.

**POSSIBLE COMMONS VOTE**  
Opposition newspapers have estimated more than 150 Labor members would support a resolution in favor of the assembly if it went before the House of Commons soon.

If these Labor members should carry their support to the point of voting against the government in a division, their votes plus those of the Conservative opposition and Liberals would bring the government near defeat.

Government strategy probably will be to ask the Commons to defer action until after the Commonwealth prime ministers' meeting.

**Board Recommends Wages Be Geared To Living Cost**

Another conciliation board has recommended gearing of wage scales to the cost of living index of the Dominion Bureau of Statistics.

A board is hearing a dispute between the International Brotherhood of Electrical Workers, Local No. 230, and six Victoria electrical firms. The report was made by Col. R. B. Longridge, chairman, and W. H. M. Haldane, nominee of the companies. W. B. Caird, nominee of the union, filed a minority report.

The majority report recommended that a 5 cent an hour wage increase be granted by the firms for each five-point rise in the official cost of living index, using the cost of living index at the time of the signing of the 1947 contract as a basis, and the revisions to be made every three months.

This would mean that the hourly rate of journeyman wiremen would currently receive \$1.55 an hour, an increase of 20 cents per hour, for the cost of living has risen 20 points since the 1947 contract was signed.

Other changes in the 1947 contract were also recommended. Mr. Caird held that the Victoria electricians should be granted the same rate as Vancouver electricians.

"... while neither member was prepared to claim that the prices generally were lower in Victoria than on the mainland, they evidently felt that electricians' wages should be on a lower level," said Mr. Caird.

Mr. Caird, however, endorsed the gearing of wages to the living cost index.

"The board's willingness to go along in the matter of the adjustments to the cost-of-living index I regard as a distinct gain," he said. "While the present method of calculating cost-of-living increases leaves much to be desired, wage adjustments on a periodical basis will at any rate keep wage earners within sight of a living wage."

## Survivors Believe

### Sharks Got Mates

HAMILTON, Bermuda (CP)—Sharks got some of the seven men who perished in the sinking of the British freighter Leicester, survivors related here Sunday as they landed from the rescue ship Cecil N. Bean.

Four men were washed overboard when a hurricane struck the Leicester last Tuesday night 500 miles southeast of Halifax. Survivors said three others were drowned as they swam for the rescue boats. The 19 other survivors, who arrived in Montreal Sunday aboard the Argentine ship Tropero, said they believed six men were lost.

(Two Halifax tugs returned to port Sunday night after a fruitless hunt for the abandoned freighter. It was presumed to have gone down.)

Twenty survivors landed here told how mountainous seas struck the Leicester shortly after midnight Tuesday. The ballast suddenly shifted, giving the ship a 60-degree list.

Heavy seas continued to pound over her, and by Thursday, when the remaining crew members were taken off, the Leicester was listing 83 degrees. One wave went down the ship's funnel.

Eleven men were transferred safely in one boat at night, but

the rest, including Andrews, did not get off until the following morning. Then they had to jump overboard and swim for the boats. Sharks got three men who drowned trying to transfer to the rescue ships.

## How Nickel Steel in automobiles makes jobs for Canadians

The self-propelled vehicle dates back to the 18th century. As developed by engineers and designers of the present century, motor cars have widened horizons through providing fast, economical transportation.

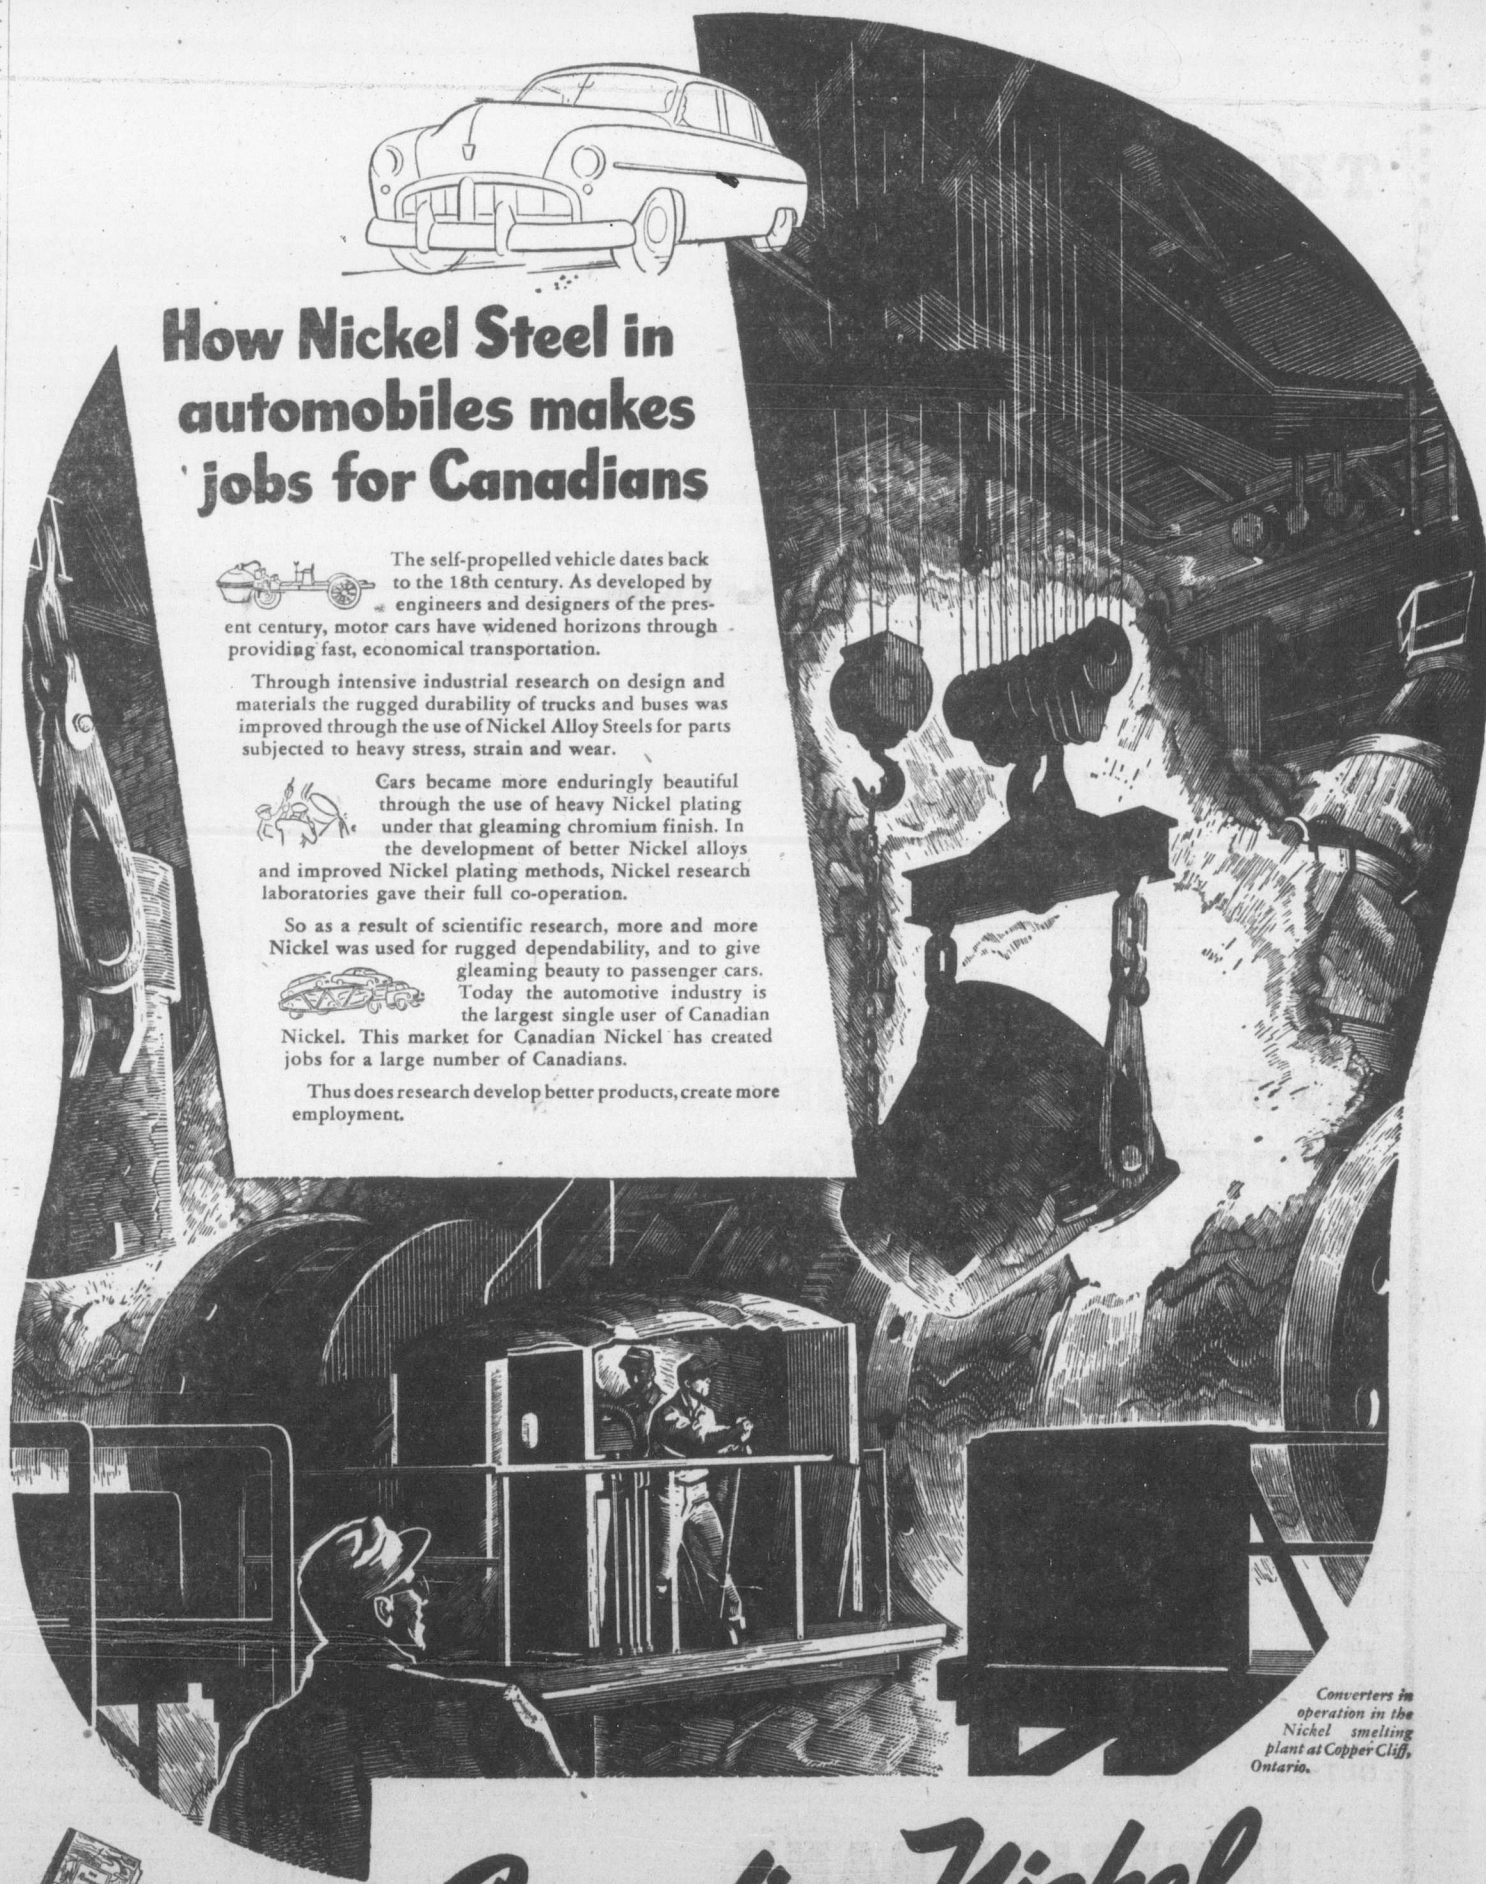

Through intensive industrial research on design and materials the rugged durability of trucks and buses was improved through the use of Nickel Alloy Steels for parts subjected to heavy stress, strain and wear.

Cars became more enduringly beautiful through the use of heavy Nickel plating under that gleaming chromium finish. In the development of better Nickel alloys and improved Nickel plating methods, Nickel research laboratories gave their full co-operation.

So as a result of scientific research, more and more Nickel was used for rugged dependability, and to give gleaming beauty to passenger cars. Today the automotive industry is the largest single user of Canadian Nickel. This market for Canadian Nickel has created jobs for a large number of Canadians.

Thus does research develop better products, create more employment.

## McNaughton Scores Defeatism As Assembly About To Meet

LONDON (CP)—Gen. A. G. L. McNaughton deprecated Saturday what he termed "the bitter medicine" of defeatism regarding the forthcoming General Assembly of the United Nations.

The session should be approached with "chin up and eyes level," Canada's permanent delegate said briskly.

Gen. McNaughton arrived in London by special railway coach from Liverpool along with five other Canadian delegates and four advisers. The party, which crossed the Atlantic aboard the liner Empress of France, is headed by Transport Minister Lionel-Chevrier. He said he was making his first trip in such a capacity and preferred not to comment for the time being.

### NEAR EIFFEL TOWER

The meeting of the 58 countries in the Third General Assembly is to open Tuesday in two glittering museums opposite the Eiffel Tower in Paris. Gen. McNaughton said one of the most important topics before the parley, which is expected to last three months, would be international control of atomic energy.

"What is needed now," he said, "is for the nations of the world to face up to the inescapable facts consequent upon entry into the atomic age and to create an international organization that will adequately meet these new conditions."

"Our cap is not set at Mr. Gromyko (Andrei Gromyko, who has represented Russia at a number of U.N. sessions) but at the peace-loving nations of the world."

In other words, he said, this is the situation:

Fourteen of the 17 countries involved in the meetings of the Atomic Energy Commission had approved proposals for international control. Only Russia, Poland and the Ukraine were opposed. On resolution of Canada, the whole matter had been referred to the Assembly.

"Now it is our hope jointly to bespeak support of our (the commission's) proposals from the countries in the Assembly which have not had a chance to consider the control of atomic energy in detail."

### WORK ON DETAILS

If support were forthcoming, "as it is not unreasonable to hope," efforts would be made to reopen the discussion in the commission with a view to formulating detailed proposals.

Gen. McNaughton said he was sorry to see "sombre" reports of the forthcoming session in London newspapers. The Times of London, for instance, said meetings so far tended to confirm the opinion that the United Nations can settle no question on which the great powers are in disagreement.

The Canadian delegation left today for Paris. Prime Minister King, who traveled on the liner Queen Mary, expects to join his countrymen there tomorrow.

## St. Laurent Explains Need Of Canadian Defence Force

OTTAWA (CP)—Acting Prime Minister St. Laurent said Sunday night Canadians must recognize the need for defence forces because not all nations are working for peace and welfare.

Speaking over a national network of the CBC, Mr. St. Laurent said that "we are living in a world in which there is tension and insecurity."

He added: "War, however, is not inevitable. We know that it is possible for men and nations to work and live together to gain a measure of security and prosperity never before attained."

"That is the goal towards which we wish all nations were working. But, unfortunately, all the nations are not working for peace and welfare."

"In the face of the present attitude of certain nations dominated by Communism, every true Canadian must recognize the need of military forces to defend our country and to take their place in any arrangements for collective security that we may assume."

"We Canadians cannot, nor would we wish to maintain fighting services of a size large enough to threaten anyone. No Canadian ever dreams of threatening other nations. But it is only common prudence to see to it that we have defence forces which will make plain to our neighbors as well as to those in more distant places our determination to stand on guard for those things that we hold dear."

"We must leave no doubt that our resolve is not a matter of words alone."

Mr. St. Laurent's speech was part of ceremonies marking the inauguration of Army Week.

## Details Of First Australian-Made Auto Disclosed

SYDNEY, Australia (CP)—Initial details of the first all-Australian automobile released by the makers show it is a sleek, rakish sedan with comfortable seating accommodation for five or six.

With a definite sweeping back of the body, it is built more on continental lines than the modern streamlined United States models.

General impression gained by reporters on their first visit to General Motors-Holden's Ltd. plant is that the automobile is neat and has little wasted space.

The body is low swung and with a large boot it looks like a cross between an English and an American automobile.

The price is expected to be slightly under \$2,000, cheaper than American automobiles of the same horse power and seating capacity.

## Anglers Take Fish Off Trial Point

A new run of salmon, including coho, springs and grilse—whether it was merely one of those runs "passing through," will be determined today—provided some good sport for a few anglers off Trial Island and Crink Point Sunday afternoon and evening. A wind which sprang up near the evening's end, drove anglers back to safety of land.

According to John Lund, who with his eldest son Wilfred netted two coho—five and 12 pounds—in a short period during the evening, Jack White scored 9½, 11½ coho, two jacksprings and two grilse off the island. The Lunds were angling off the point. Jack Thompson was one of the others to score a coho.

## New Sooke-Jordan River Chamber Of Commerce Formed

Several members of the Victoria Chamber of Commerce attended the meeting to assist in forming the new chamber. Among those present were H. C. Holmes, national councillor of the Chamber of Commerce; Walter Miles, president of the Victoria Chamber of Commerce, and James Neely.

Officers elected by the Sooke-Jordan River Chamber of Commerce were A. F. Brownsey, president; Walter Conder, vice-president; Robert Acreman, secretary-treasurer; R. G. Gibson, Warren Kennedy, Dal Elder, William Milligan, and Jack Elliot.

## Big Scottish Estate To Be Sold In Lots

TARBET, Argyllshire, Scotland (CP)—One of Scotland's oldest estates, with a history dating back to Bonnie Prince Charlie, is soon to go under the auctioneer's hammer.

Late next month Lt.-Col. George Osmond Lohme Mackie-Campbell will hand over the deed of Stonefield, his 17,000-acre estate near this fishing village on the shore of Loch Fyne. It has been in his family for 250 years and though he regards the sale as a "terrible thing," financial pressure is forcing the transfer.

Name of the buyer and the price are being kept secret, but it is known Stonefield will be sold in lots at public auction before the end of the year.

## Girls' Drill Team Forms An Honor Guard To Bridal Party

Members of the Victoria Girls' Drill Team formed an honor guard for co-member Kathleen Kay Cecelia Brandson when she left Oak Bay United Church Saturday evening with her groom Brian Patterson Sessions.

Wedding rings were exchanged by the bride, daughter of Mr. and Mrs. J. Brandson, 530 Oliver Street, and groom, son of Mr. and Mrs. G. C. Sessions, Terrace, B.C., in a ceremony conducted by Rev. W. W. McPherson.

Mr. Brandson gave his daughter in marriage. Her gown was of traditional satin, the neckline appliqued with lace, the bodice buttoned down the back to the full skirt, slightly in train, featuring a band of lace and ruffled satin at the side.

Her Mary Queen of Scots head-dress held her veil of illusion net, appliqued with satin leaves, and she completed her ensemble with a pearl necklace. Red roses, white heather and carnations composed her shower bouquet. A gown of primrose yellow nylon was worn by Mrs. M. Butler, of Vancouver, as matron of honor. Miss Jean Anders, bridesmaid, wore apple green taffeta. Their headresses matched their gowns and they carried yellow carnations and gladioli.

Harry Wood was best man for

the groom. Guests were seated by Robin Wood and James Brandson. Mrs. R. K. Wood sang "Because," while the bridal party was in the vestry.

Mothers of the couple assisted in receiving guests at a reception at Oak Bay Beach Hotel. Ralph Freethy proposed the toast to the bride's future happiness.

Motoring to Seattle and Portland on the wedding trip, the bride wore a gabardine suit of sky blue, with burgundy topcoat, and hat, with blue feather trim, and corsage bouquet of pink rosebuds.

The new home of Mr. and Mrs. Sessions will be at 1171 Rockland Avenue.

### Bridal Pair Honored

Honoring Miss Kay Brandson on the occasion of her marriage Saturday evening to Mr. Brian Sessions, a set of cutglass salt and pepper shakers was presented to her by Mr. Hal Gonder, on behalf of the B.C. Electric Railway Co. Ltd. Members of the B.C. Electric, presented their co-worker with a gift of two candlewick glass cake plates, and a gift of a silver cake plate was made by members of the Victoria Girls' Drill Team. A set of flatware silver was presented to the groom by fellow members of the staff of the Royal Dairy Ltd.

## From Mainland To Attend Saturday's Races

Mrs. S. W. Randall, Vancouver, wife of the president of the Colwood Park Association and owner of the Willows, was in her box at the races Saturday afternoon. Pictured with her are Mrs. J. Newbury and Mrs. S. McCrick. Also in the party were Mr. Newbury and Mr. McCrick. Mrs. Randall will remain in Victoria until the end of the racing season, as will Mr. and Mrs. McCrick, who are holidaying in the city. Mr. and Mrs. Newbury return to their home in Vancouver on Wednesday. They are all staying at the Empress Hotel.

## Naval Nurses' Director To Be Honored Tonight

Lt. Cmdr. (N.S.) Fay Rutledge, R.R.C., R.C.N., director of naval nurses in Canada, arrived in Victoria from Ottawa, on Sunday, for her bi-annual inspection of the West Coast Naval Service.

The nursing officers of H.M. C.S. Naden are entertaining at a cocktail party tonight at 8 o'clock in the Blue Room of the Officers' Wardroom, to honor their director, Lt. Cmdr. (N.S.) Fay Rutledge, R.R.C., R.C.N., Ottawa and Halifax. Among invited guests will be Rear-Admiral H. D. De Wolfe, C.B.E., D.S.O., R.C.N., and Mrs. De Wolfe; Commodore J. C. Edwards, O.B.E., R.C.N., and Mrs. Edwards; Cmdr. R. A. Webber, D.S.C., R.C.N., and Mrs. Webber; Cmdr. M. E. Medland, R.C.N., and Mrs. Medland; Surg.-Cmdr. H. R. Rutan, R.C.N., and Mrs. Rutan.

Mr. and Mrs. T. J. Goodlake are in Vancouver, guests at the Sylvia Hotel.

Mr. and Mrs. A. F. Bayles, 800 Island Highway, returned by plane from Seattle where they were guests of Mr. and Mrs. T. Catterall.

Miss Jean Watters arrived from Montreal to visit her parents, Mr. and Mrs. F. L. Watters, Marine Chalet, Beresford Street. Mr. and Mrs. Watters have recently come from North Battleford, Sask., to make their home in the city.

Mrs. Marie Fitzpatrick, Denison Road, traveled to the mainland en route to Naramata, B.C., where she will visit her brother-in-law and sister, Mr. and Mrs. A. H. Grant. Mrs. Fitzpatrick has been spending summer months at "Grouse Nest," Sooke.

Mr. and Mrs. G. C. Sessions came from Terrace, B.C., to attend the marriage of their son, Mr. Brian Sessions to Miss Kay Brandson, which took place Saturday evening. Also from out-of-town were Mrs. G. Lapp, Courtenay, B.C.; Mrs. J. Bremner and her daughter, Diane of Prince Rupert, and Mrs. L. Larson, Seattle.

Mr. and Mrs. Jack G. Skinner of Winnipeg with their son, Gordon, an 8-year-old, Dorothy, have been visiting Mr. Skinner's parents, Mr. and Mrs. J. W. Skinner, "Mandala Cottage," Leigh Road. Miss Dorothy Skinner is continuing studies at University of Manitoba, while her brother has left to attend Ohio State University.

Mrs. Norma Macdonald of the Oak Bay Beach Hotel, is leaving Tuesday for New York from where she will sail for Southampton on Oct. 6. From there Mrs. Macdonald will fly to London and Paris and then to Madrid where she will attend the International Hotel Conference. Following the convention she will tour Spain and spend two or three weeks in England before returning to Victoria, early in December.

Miss Irene Stokes came from Vancouver to attend as maid of honor Miss Thelma Alicia Bowles, at her marriage to Mr. Kenneth James Province, Saturday evening. Also from out-of-town were Mr. and Mrs. L. R. Bowles, Mr. and Mrs. R. Caulfield and Mr. G. Horne, all of Vancouver; Messrs. A. Turner, D. Robinson and R. Kimmell and Mr. and Mrs. J. Turner, Port Alberni, and Miss Nancy Knox, Scotland.

James Bay—New members of the executive were introduced at the James Bay P.T.A. meeting held in South Park auditorium. Mrs. Mary Burley will attend the workshop in Vancouver, it was announced. Refreshments were served by the social committee.

## A 70-Year-Old Wedding Gown Worn By Bride, Edith Newcomb

An exquisite gown of ivory corded silk taffeta, worn by her great-grandmother for her marriage in England nearly 70 years ago, was worn by Miss Edith Mary Newcomb, when she entered St. Mary's Church, Oak Bay, to become the bride of Peter John Humphreys, son of Mr. and Mrs. John A. Humphreys, West Vancouver.

Lighted candles and baskets of white chrysanthemums created the setting for the ceremony performed by Archdeacon A. E. de L. Nunn, Saturday at 8. As the bride, daughter of Mr. and Mrs. Walter C. F. Newcombe, 1161 Hampshire Road, entered the church, "The Voice That Breathed O'er Eden," was sung by choir boys.

A gold brooch set with garnets, also belonging to her great-grandmother, added beauty to her gown styled with high neckline distinguished with accented pleated collar, the trimming repeated on cuffs on the long fitted sleeves. The graceful skirt, shirred in front and

gathered at the back with large satin bows formed a full train, bordered with lace, accented-pleated satin and taffeta.

Her hand-embroidered veil cascaded into a full train from a coronet of delicate orange blossoms. A gardenia and swainsona were mounted on her ivory prayer book.

The bride, a graduate of Royal Jubilee Hospital, was attended by Mrs. W. Kingdon, West Vancouver, sister of the groom, and Miss Maxine Bolton, R.N., Victoria.

Their identical gowns were of pale rose corded taffeta, fashioned with full skirts forming bustle detailing in the back. They wore pike bonnets to match and carried Colonial bouquets of ivory and pink roses.

Flower girl, four-year-old Patricia Kingdon, niece of the groom, wore an ivory taffeta, gown, and carried a Colonial posy of ivory roses, and pink carnations.

Robert Collum, New Westminster was best man. Ushers were Frank Collum, also of New Westminster and Brian Brady. John H. Watson gave the toast to the bride at a reception at Victoria Golf Club, where parents of the couple received guests with them.

Following their honeymoon trip to the mainland, Mr. and Mrs. Humphreys will leave for Zeballos, B.C., where the groom, a member of the British Columbia Police, is stationed.

The bride wore a forest green gabardine topcoat, over her brown suit, dark brown accessories and gardenias in corsage.

Visitors in the city over the week-end to attend the Humphreys-Newcomb wedding included Miss Laddie Watkis Fennell, and Mr. and Mrs. N. Gowan Jr., Vancouver; Mr. and Mrs. F. Collum, and Mr. and Mrs. R. W. Collum, New Westminster; Mr. N. Holden, West Vancouver; Mrs. R. Miller, Seattle; Mr. and Mrs. D. Draper, Uclulet, B.C.; Mr. Thomas Gurney, Port Alberni; Mr. Leslie Pollard and Mr. and Mrs. Lloyd Crabbe, Zeballos, B.C., and Mrs. H. Peck, North Vancouver.

Miss Kathleen Muckle, who will become the bride of Mr. Frank Oliver early in October, received many useful gifts at a miscellaneous shower given by Mrs. John Williams and Mrs. Delbert Jasper at the home of the latter, Friday evening. Corsage bouquets were presented to the honor guest, her mother, Mrs. T. Muckle, and mother of the groom-elect, Mrs. C. Oliver. Other guests were Mesdames R. Noble, Sr., J. Noble, R. Berwick, J. Moraes, S. Kennedy, T. Noble, A. Noel, R. Masters, R. Noble, Jr., W. Pearce, S. Baker, I. Farley, M. Atkinson, E. Logan, J. Knott, R. Carmichael and H. Ferguson.

## Lace, Satin Adorns Miss Thelma Bowles

White faconne lace over satin created the wedding gown for Miss Thelma Alicia Bowles, daughter of Mr. and Mrs. W. T. Bowles, 1414 Gladstone Avenue, when she repeated marriage vows with Kenneth James Province, son of Mr. and Mrs. G. Province, 2703 Fernwood Road, who is stationed aboard H.M.C.S. Cayuga.

Belmont United Church was decorated with standard baskets of early fall flowers and lighter tapers for the service, Saturday evening, read by Rev. C. L. McGillivray.

Fred Wright, organist, accompanied Miss Daphne Stansby, as she sang "Through the Years." A coronet of pearls held the full-length veil which billowed over the bride's gown, enriched with seed pearls and mother-of-pearl sequins, at the square neckline, repeated on the fitted bodice, and caught in streamers over the full skirt, en train. She carried a classic bouquet of scarlet roses and swainsona.

Maid of honor, Miss Irene Stokes, carried a French bouquet of Rapture roses, carnations and blue maline net, to match her gown of blue satin and net. Miss Elaine Province and Miss Marion Bowles, sisters of the groom and bride, wore identical gowns in peach and carried French bouquets of Picardy gladioli, roses and mauve chrysanthemums.

The groom, grandson of the late Mr. and Mrs. James Parfitt, chose as best man George Keeper. Ushers were Clare Henderson, H.M.C.S. Cayuga, and Howard K. Bowles, brother of the bride.

Guests were received at Loughheed's Banquet Club, where L. R. Bowles proposed the toast to his sister.

Mr. and Mrs. Bowles are motoring in United States on their wedding trip, the bride wearing a beige suit, with forest green accessories and corsage bouquet of talisman roses. They will make their home in Victoria.

## Edward Drew Wed In Saskatchewan

St. John the Baptist Church in Wilkie, Sask., was the scene of the marriage Sept. 11, at 9 a.m., of Monica Agnes Laturus, R.N., R.T., M.T. (ASCP), a graduate of St. Joseph's Hospital, and Edward Belgrave Drew, son of Mr. and Mrs. William George Drew, Sidney, B.C.

For the double-ring ceremony, performed by Father Hermann, the bride, daughter of Mr. and Mrs. Lambert Laturus, Wilkie, Sask., wore a white satin gown, the skirt forming a long train. Her full-length veil was held by a coronet of orange blossoms, and she wore a pearl necklace and earrings as her only jewelry. She carried a bouquet of red roses, and gypsophila and completed her ensemble with a white rosary.

Four sisters of the bride were her attendants. Miss Catherine Laturus, R.N., maid of honor, was gown in blue taffeta with matching picture hat; bridesmaids, Misses Mary and Irene Laturus, wore similar gowns in pink, with picture hats to match; little Carol Ann Laturus, as flower girl, was a miniature of the bride.

Wendelyn Laturus, brother of the bride, acted as best man, while another brother, Joseph, ushered guests to their seats.

Mrs. Laturus assisted the couple in receiving guests at a reception at the parish hall, where Father Hermann gave the toast.

Mr. and Mrs. Drew are motoring through the Canadian Rockies and in United States, en route to Vancouver, where they will make their home. The bride traveled in a three-piece ensemble in cherry wine, with grey accessories.

## Attractive Visitors At Week-end Air Show

Flying is often thought of as a man's game, but pictured above are four Washington visitors at Saturday's air show who disprove this claim. They are all actively interested in flying and are members of air clubs in Port Angeles. Posing from left to right, on the front of a tiny Ercoupe, they are Mrs. Lauren Carr, Port Angeles; Mrs. Vic Ulin, Forks, Wash.; Mrs. Paul Flint (standing on the wing), and Mrs. Duncan McKiernan, both of Port Angeles.—(Photo by Bill Halkett)

## Visiting Kiwanians' Wives, Daughters To Be Entertained

### United States Group To Be Entertained

Headed by Mrs. P. B. Scurrah, a women's reception committee has been formed through the Victoria Chamber of Commerce, to arrange entertainment for wives and daughters of more than 80 prominent United States business men, directors of the United States Chamber of Commerce, who will be meeting in conference in the city next week-end.

Others on the committee are Mrs. Walter Miles, Mrs. Cuthbert Holmes, Mrs. J. V. Johnson, Mrs. Fred Hawes, Mrs. Brent Murdoch, Mrs. W. B. Williams, and Mrs. R. W. Mayhew.

Plans have been made to meet the visitors at the noon boat on Saturday, and accompanied to the Empress Hotel. Following introductions and greetings, the afternoon will be left for visiting Victoria's shops.

Sunday afternoon, directors and their wives will be taken for a drive around Victoria and the Saanich Peninsula, calling at Butchart's Garden where they will be met by Mrs. R. P. Butchart and her daughter, Princess Chikmatoff.

The drive will continue around the peninsula to "Spencerwood," where Mrs. Will Spencer will be hostess to the visitors at a late-afternoon party.

A visit to the Services College at H.M.C.S. Royal Roads has been planned for Monday afternoon and later the visitors will be taken up the Malahat for afternoon tea.

This is the first meeting in Canada of the United States group.

## Repeat Vows Before Intimate Friends

Before intimate friends and family members, the marriage was solemnized Saturday at 8.30 at Oak Bay United Church of Helen Mitchell, daughter of Henry Mitchell, Richmond Court, and the late Mrs. Mitchell, and James Ferrie, son of Joseph Ferrie, Glanford Avenue, and the late Mrs. Ferrie.

A reception followed at the home of Mr. and Mrs. P. Ellis, King George Terrace, where Rev. W. W. McPherson, officiating minister, gave the bride's toast.

The bride chose accessories of nigger brown to match her tailored wool suit, and brown felt hat. Her corsage bouquet was of roses.

Mrs. W. D. Mitchell of Vancouver was attired in a bengaline suit of blue for her role as honor matron, and bridesmaid Miss Betty Ellis, wore a powder blue tailleur.

The bride's brother, W. D. Mitchell, was best man.

Mr. and Mrs. Ferrie will make their home in the city following their honeymoon trip on the mainland.

## Miss Margaret Truman Campaigns With 'Pop'

WASHINGTON (AP)—Margaret Truman has put aside thoughts of a vocal career until late fall in order to help "Pop," as she calls President Truman, in his campaign.

Margaret plans to go on all of her father's campaign trips. She has left with the Truman party for the swing by train through the midwest. Mrs. Harry Truman, in Independence, Mo., is joining them later.

The Truman's blonde, 24-year-old daughter received enthusiastic receptions from crowds on previous trips with her dad. The Democratic presidential nominee is describing her "as my greatest asset."

## Stellar Quartette In Moving Drama.

Starring four of Hollywood's most capable dramatic players, Ida Lupino, Paul Henreid, Olivia de Havilland and Sydney Greenstreet, Warner Bros.' newest screen drama, "Devotion," now showing at the Rio Theatre.

Under the able directorial reins of Curtis Bernhardt whose recent triumph, "My Reputation," earned him nationwide critics' acclaim, "Devotion" tells a moving story of two beautiful and talented sisters of world renown, Charlotte and Emily Bronte (played by Olivia de Havilland and Ida Lupino, respectively), and their star-crossed love for the same man (Paul Henreid), a curate in their father's parish.

## Drama Stalks As 'Boomerang' Filmed

One of the most widely-known courtrooms in the United States was used by 20th Century-Fox, recently, for the filming of "Boomerang," which stars Dana Andrews, and opens today at the York Theatre.

It is the same Westchester County courtroom, located in White Plains, N.Y., in which Harry K. Thaw was tried for the murder of Stanford White in 1910. This probably stands as the most celebrated murder case of the early 20th Century.

## 'Best Years' Still Showing At Odeon

Dana Andrews plays his best emotional role in Samuel Goldwyn's latest production for RKO ad Rio release, "The Best Years of Our Lives," held over at the Odeon Theatre, in which he co-stars with Myrna Loy, Fredric March, Teresa Wright, Virginia Mayo and Cathay O'Donnell.

Faced with unemployment, he takes up his old job behind the drug store soda fountain. This causes a rift between him and his frivolous gold-digging wife played by Miss Mayo. Thereupon he runs into a romance with Miss Wright, playing the daughter of March and Miss Loy.

## Stewart Featured In Dramatic Role

James Stewart is starred in what is said to be his most dramatic role to date in "Call Northside 777," the new Twentieth Century-Fox hit based on a real-life drama and opening today at the Atlas Theatre.

Stewart is seen as the stubborn and courageous newspaper reporter who overcomes almost unsurmountable obstacles in a battle to secure sufficient evidence to prove the innocence of a man who had been sentenced to life for the killing of a Chicago policeman in 1932.

## London's East End Picture Setting

London's East End provides the setting for Michael Balcon's "It Always Rains on Sunday," made for Ealing Studios by Robert Hamer, which comes to the Plaza Theatre today.

Most of the picture was actually filmed in the East End itself, and units were at work day and night in districts which will be familiar to all who have visited that part of London. But certain scenes required studio work and the film's art director had to reproduce many of the location sets indoors.

### DOMINION THEATRE

Dolores del Rio is "back again." The Mexican star, who quit Hollywood years ago because she objected to "clothes-horse" roles and who has since become a leading figure in Latin-American films, returns to the screen in "The Fugitive," Argosy Pictures' current RKO Radio release now showing at the Dominion Theatre. Co-starring with Henry Fonda and Armendarez, Miss del Rio portrays a native girl in a Central American republic who plays a prominent part in the suspenseful conflict between two men of opposite ideals. J. Carroll Naish, Leo Carrillo, Ward Bond, Robert Armstrong and John Qualen head the supporting cast of the dramatic offering, which was directed by John Ford.

## Army Week Opens Here With Parade

Contingent of 5th (B.C.) Heavy Anti-Aircraft Regiment passes saluting base on Parliament Buildings steps Sunday following church parade.

Army Week got underway in the city Sunday with a church parade, followed by a march past in front of the Parliament Buildings, where Brig. John M. Rockingham, Commander of the 25th Infantry Brigade, took the salute.

With the brigadier, who rose from a platoon commander in the First Battalion of the Canadian Scottish Regiment (Princess Mary's) to the command of an infantry brigade, was Maj. Walter Mosedale, second in command of the First Battalion of the Scottish (Reserve Army) and Hon. Herbert Anson, representing the province, and Ald. F. G. Mulliner, representing the city. Scottish officers lined the steps for the march past.

Service was held at St. Andrew's Presbyterian Church, officiated over by Capt. Rev. J. L. W. McLean, chaplain of the Scottish Regiment.

Throughout the week there will be parades, equipment displays, sports and other features to advertise the army to the public and to encourage recruits

to both the active and reserve divisions of the Canadian Army.

Recruiting booths have been established at Bay Street Armories where, on Wednesday and Thursday there will be dis-

plays and demonstrations of equipment.

Work Point Barracks will be open to the public on Friday. The week will wind up with a sports program Saturday.

## Royal Copeland Injured As Champion Argos Beaten

The one-sidedness of the drubbing by Ottawa Rough Riders rumbled plenty but the worst news in Toronto Argonauts camp today was the possibility that blonde Royal Copeland may be lost to the Dominion football champions for some time.

The burly Riders gave the Argos a physical pounding as well as a few football lessons when humbling them, 32 to 12, Saturday before a capacity Varsity Stadium crowd of 19,000.

Copeland suffered a foot injury when he made one of his hurtling leaps through the centre of the Ottawa line for the game's opening touchdown. Someone's cleats came crashing down on

his foot just as he took off, tearing tendons in the foot.

In the Western Canada League, Winnipeg Blue Bombers came from behind to defeat Saskatchewan Roughriders, 15 to 9 at Winnipeg. The victory—Winnipeg's third over Roughriders—strengthened their hold on second place in the three-team loop behind the unbeaten Calgary Stampede, side this week-end.

In the Ontario Rugby Football Union Hamilton Tigers handed Sarnia Imperials a 22 to 7 defeat at Hamilton and Toronto Beaches Indians downed the Rockets 14 to 6 at Windsor and keep their share of the league leadership with Hamilton.

### ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

#### STEER CLEAR OF NEEDLESS RISKS

If your tires were cut or badly worn, you wouldn't drive at 70 miles an hour, would you? It would be too risky! But it's surprising how many will risk driving a car with poor brakes. Yet it's been proven that faulty brakes are one of the chief causes of accidents.

For safety's sake, Johns-Manville urges you not to take chances. Make sure your brakes are perfect. Have them checked by an experienced mechanic without delay. If you need a complete brake lining job, specify Johns-Manville Brake Linings and drive away confident that you can stop "on a dime."

There's a J.M. dealer near you who can give you expert advice on brake problems. Contact your J.M. distributor, Jeffree & Jeffree Ltd., Victoria.

## His Brother Repeats Win In Times Handicap

His Brother, four-year-old chestnut gelding owned by James Fee and ridden by Kenny Coppennoll, captured the \$1,000 added Times Handicap at the Willows race track Saturday for the second straight year with a four-length victory over Broadoak before the largest crowd of the meet.

Last year's champion was held well in hand for the better part of the race by Coppennoll as Broadoak with Avelino Gomez up set the pace. But as they turned into the final bend His Brother made his move and was soon on top going away at the finish. Nalod, second choice in the wagering closed fast to take third money over Sir Tinker.

Nine horses started in the feature event at one mile and a sixteenth, Gallamar in ninth post position on the outside getting a poor break and never reaching contention.

The time was slow for the distance, His Brother winning in 1:52 2-5.

### BIG PRICE

Lady Arden pulled the biggest surprise of the eight-race card in the third race over six furlongs. The chestnut mare won handsily over Miss Exile for the fancy win price of \$55.80.

Another upset came in the fifth race when Lord Pebble, often in the money but seldom a winner, caught tiring horses in the stretch to win the six-furlong dash. Lord Pebble paid off at \$17.10, \$7.15 and \$4.40. Ever Pretty, the pace setter, stopped badly in the final eighth after opening up a four-length lead.

The daily double was on the small side as two favorites, the ever-popular Little Gloomy in the first and Lady Ginger in the second, combined for \$13.50.

Best Dressed won the fourth and returned double figures, as did Skyokton in the one-mile event in the sixth. Away Nevada took a nose decision from Happy Bob in the eighth race and the quinnella returned \$13.60.

Two of the leading jockeys at the track, Bobby Summers and Ted Johnson, were reported to have left the Willows at the conclusion of Saturday's meet. Summers was off to Golden Gate while Johnson is to join Dr. K. R. Darbyshire's stable in Ontario.

## Cougars Show Promise In Grid Loss To Stags

Local Canadian Football fans got their first glimpse of coach Lou Mogul's Cougars Saturday night under the lights at Athletic Park against the Port Angeles Stags and although the Cougars failed to win—dropping a 28 to 0 decision to the Stags—what the fans did see, was a scrappy squad that showed promise of better things to come.

The Cougars got off to a bad start right before game time when Port Angeles refused to play the game under the Canadian code and also refused to take the field if Mogul was in the Victoria line-up.

The American squad claimed that Mogul was classed as a professional and that it would jeopardize their amateur standing if the former Winnipeg Blue Bomber appeared in the line-up.

As for the misunderstanding about the rules of the game, the agreement between the two clubs originally was that one game would be played under American rules and the Victoria home game under Canadian rules. But at the last minute the Americans took the stand that it would be American rules or nothing.

Mogul and the Cougars agreed to both proposals but it left rather a sour taste in the mouths of many.

Main difference between the two teams was the lack of experience exhibited by the Cougars especially in the first half when Port Angeles had things mostly to their liking.

However, in the second half the Cougars showed a terrific fighting spirit and as the game wore on took command of play from their fast-tiring rivals. But for a couple of bad breaks the score could easily have been closer with the Cougars losing two scores by only the narrowest of margins.

### STAGS SCORE

In the first five minutes Port Angeles hit the score sheet with Rossiter passing to McInnes for 20 yards and the touchdown. Rossiter converted to make it 7 to 0.

The Stags bounce right back following a pass interception and pushed their way to the Cougars' three-yard line where Daniels went over. Rossiter again added the convert, making it 14 to 0.

Bill Tulan romped around left and shortly after the start of the third period for 12 yards to score

## Jack Payne Batting Star In Five C's Cricket Victory

Five C's cricket squad showed surprising strength Saturday by capturing the second round of the knockout series with a 100 to 28 triumph over Ex-R.A.F.

In a league game University School Incogs and Albions played to a draw. Batting first, Five C's made their century total for nine wickets in one inning with Jack Payne batting well for 46 runs. Tom McKeachie and Tom Waywood posted double figures for the churchmen, McKeachie batting up 14 runs and Waywood 10.

Jim Richards took three R.A.F. wickets for five runs. Incogs batted first at University School and ran up 81 runs. Parson's 24 and Wenman's 24 not out topped the batting. Albions scored 62 runs for five wickets while playing to time thus forcing the draw.

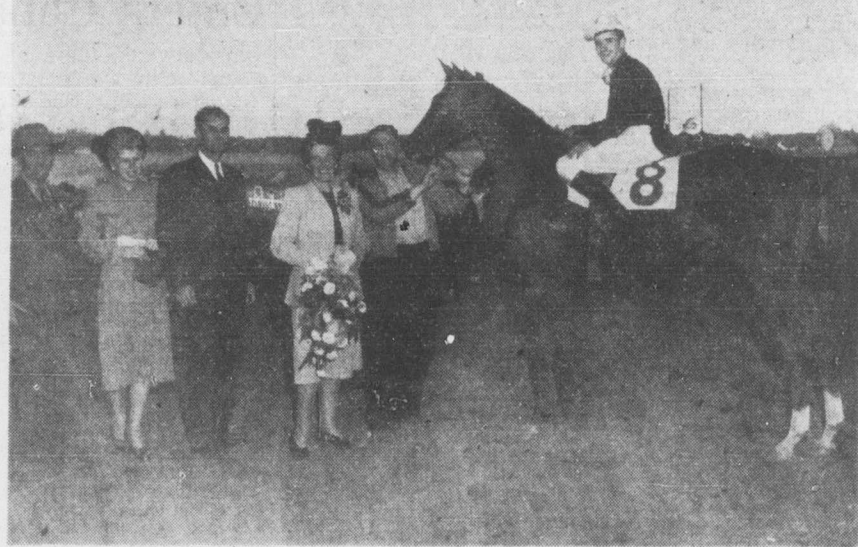

Reg Wenman and Ernie Bowkett shared bowling honors for their respective sides. Wenman disposed of three wickets for nine runs, while Bowkett got three Incog wickets for 11 runs.

### TEN-MILE CYCLE RACE

The Victoria Cycling Club held its annual 10-mile club championship Friday night on the Shelbourne Street course. R. Whitehead was first, Bill Dingley second and Ernie Wilson third.

Juniors and girls championships will be held in Beacon Hill Park next Friday at 6.30.

## Times Handicap Champion

Scoring a repeat of last year's victory, His Brother, four-year-old gelding owned by James Fee, Saturday copied the \$1,000 added Times Handicap at the Willows track. From left to right, James Fee, owner; Mrs. Ken Coppennoll, A. Goddard of the B.C. Racing Association, Miss Elizabeth Forbes, Times social editor; Gibby Fee, assistant trainer, and winning jockey Ken Coppennoll up on His Brother.

## Sailors Upset Bombers To Win Baseball Title

With diminutive Jeff Worrell and centrefielder Chester Padgett in the starring roles, the Navy baseballers were crowned senior amateur champions yesterday in the final game of the best-of-five series for the Rithet Cup when they downed Ben's Bombers, 6 to 3.

Worrell hurled a great game for the champs, and was never in serious trouble, scattering eight hits, taking a trio on strikes and passing the same number. He received perfect support from his mates, with the play of left-handed shortstop Fred Frewer especially commendable as the naval officer robbed Bombers of several sure bingles.

Padgett, who hit a cool .441 in the playoffs was the biggest threat to Bombers. He drove in four more mates yesterday with three hits to bring his total R.B.I.'s to 19 in the playoffs and 41 for the season. His season's average was .384.

Sailors opened the attack on righthander Bill Prior in the first inning when Worrell drew a pass and successive singles by Alf Kubicek, Mel and Chester Padgett produced three runs. Manager Moe Tudor opened the fourth with a walk and took second on a sacrifice. Singles by Al Shirley and Worrell gave Tars a 4 to 0 lead, before Bombers opened with a single marker in the last of the fifth off a pair of walks and Rookie Wright's double.

Another single by Kubicek and successive doubles by the Padgett brothers gave winners their final runs in the seventh, while losers countered with single tallies in the eighth and ninth frames.

Although Prior was nicked for 11 safeties in suffering his third successive setback, he took 14 on strikes, while giving up five walks.

Mel Padgett led the batters with four for five, and Chester was close behind with three for five.

Short score follows: R. H. E. Navy..... 6 11 0 Bombers..... 3 8 0 Worrell and Kubicek; Prior and Smith.

## Pancho Gonzales New U.S. Tennis Champion

FOREST HILLS, N.Y. (AP)—A new era has dawned in United States tennis as the national singles championship passed into the sturdy hands of Richard (Pancho) Gonzales, a 20-year-old power player from the busy, year-round courts of Los Angeles.

Gonzales, one of the youngest net stars ever to wear the crown, captured it yesterday when he whipped Eric Sturgess of South Africa, 6-2, 6-3, 14-12, in the finals of a tournament which was marked by the passing of the game's old guard, at least from the championship scene.

Players like Frankie Parker, Gardnar Mulloy and Bill Talbert, never progressed beyond the quarter-finals in this 67th annual tournament. Instead, the youngsters who have developed since the war dominated the championships.

Gonzales ranked eighth in the tournament, was the only seeded American to reach the semi-finals.

Thus the pattern was set for a new chapter in the United States court game.

## Alex Rose, Seattle Golf Editor, Dead

SEATTLE (AP)—Alex C. Rose, 64, veteran Seattle golf editor, died late Sunday after an illness of several months. His condition had been critical since he underwent a brain operation several days ago.

Rose was born in Prestwick, Scotland, and came to Seattle in 1906.

For more than 30 years he was official starter at all Pacific Northwest Golf Association tournaments.

In 1903, Rose was caddy for Harry Vardon when the famous English golfer won the British open.

Four brothers are golf professionals in the U.S.

## Seals, Oaks Tied For Lead In Coast League

Oakland suddenly lost its sock and San Francisco as quickly regained its absent punch. So the two Coast League contenders are even—seven going into the final week.

The Oaks' hard-hitting bats were stilled twice by San Diego.

## Grace Lenczyk Wins United States Women's Golf Title

PEBBLE BEACH, Calif. (AP)—

Grace Lenczyk of Newington, Conn., 21-year-old Canadian golf champion, Saturday won the United States women's amateur crown by defeating Helen Sigel of Philadelphia, 4 and 3, in a scheduled 36-hole match.

Miss Lenczyk raced to an early lead through the first nine holes and could never be caught. At one point she was six up.

The new champion shot a 78, two above women's par, for morning round against Miss Sigel's approximate 87, although she picked up on one hole.

In the afternoon, Miss Sigel had an approximate 39 out against Miss Lenczyk's 42.

The new champion began golf at the age of 10 at the urging of her three brothers, all caddies.

She is a student at Stetson College in Florida.

## Indians Win Pair To Challenge Bosox For American League Lead

Win, lose or draw, Lou Boudreau, shortstop-manager of Cleveland Indians, rates as the outstanding player of the major leagues.

It is largely through his efforts—at bat, in the field and on the bench—that the Indians are only half a game out of the American League lead today, with an excellent chance of winning their first flag in 28 years.

Lou blasted his 15th and 16th round-trippers yesterday to account for all his team's runs in Cleveland's second game 2 to 0 triumph over Philadelphia Athletics. The Tribe also won the opener, 5 to 3, to capture both ends of the doubleheader.

Boudreau's homers came off Toronto-born Dick Fowler who went the distance for the A's and gave up only three other hits. Karl Scheib was charged with the first game defeat.

### SOX LOST TWO

The Tribe's twin victory, coupled with the double setback brought to Boston Red Sox by Detroit Tigers, 4 to 3 and 8 to 6, boosted the Indians to within a game of the pace-setting Sox.

The Indians also vaulted over New York Yankees into second place when the Bronx Bombers were held to a split in their doubleheader with the Browns in St. Louis. The hustling Browns won the first game 8 to 6, New York winning the second 9 to 6.

In sharp contrast to the spine-tling American League race, the National League pennant

scramble has burst wide open. Only a complete collapse can stop Boston Braves from winning their first flag in 34 years.

The Braves won their sixth in a row and their 12th in the last 13 games, defeating Cincinnati Reds 4 to 2. They lead Brooklyn Dodgers and St. Louis Cardinals by six games.

The Cards moved into a second-place tie with the Dodgers, scoring two victories over the Giants in New York, 4 to 3 and 3 to 1. The Dodgers whipped the Chicago Cubs in Brooklyn 8 to 1.

Philadelphia all but eliminated the Pittsburgh Pirates, trouncing the Bucs in both ends of a twin bill 9 to 6 and 5 to 3. Pittsburgh trails by eight games. The fifth-place Giants, only two games away from being mathematically eliminated, are 10 lengths in arrears.

A paid Cleveland crowd of 75,382 saw Larry Doby slam a dramatic ninth-inning home run with Joe Gordon on base to give the Indians their first-game triumph. Steve Gromek permitted only three hits in registering his ninth victory against three defeats in the nightcap.

The Red Sox went 12 innings before finally bowing to the Bengals in the opener. Stubby Overmire, fourth Tiger pitcher, singled home the winning run with two out in the 12th. It was Overmire's first hit of the season.

The second game was called after eight innings because of darkness. Dick Wakefield broke a 6 to 6 deadlock with his second home run of the day to win the game for the Tigers.

Red Sox second baseman Bobby Doerr extended his major league record of 73 games and 411 consecutive chances without an error before he fumbled Pat Mullin's hard grounder in the first inning of the nightcap.

### DIMAGGIO HOMERS

Al Zarilla's two-run homer in the sixth won the opener for the Browns against the Yankees. Joe DiMaggio led the Yankees to victory in the second game, polling his 37th and 38th home runs, each with a man on base.

Washington Senators ended their 18-game losing streak, defeating the cellar-dwelling White Sox in Chicago 10 to 7 and 8 to 6.

For the first time in a week, a pitcher other than Johnny Sain or Warren Spahn won for the Braves. He was Clyde Shoun, who relieved Red Barrett in the eighth with the score tied at 2 to 2.

The Cards made it 10 out of the last 11 against the Giants, with Murray Dickson registering his 12th victory in the opener, and Harry (the cat) Brecheen winning his 18th in the nightcap. The Dodgers gained revenge

## Jake Young Scores Brilliant 49 To Win Weiler-Regan Trophy

Veteran marksman Jake Young Saturday won the Weiler-Regan Trophy and souvenir in the final stage of the match shoot at Heals Range.

Going into the fourth stage in fourth place in the standings, Young fired a 47 out of a possible 50 at the 900-yard distance and then with a brilliant 49 out of 50 at the 1,000-yard range moved into first place, four points over his nearest competitor, Major A. M. T. Spittal.

At the conclusion of the 900-yard shoot Young was tied with Spittal and behind Sgt. A. E. Ashe and Major W. H. Wood. But the two leaders faltered at the 1,000-yard distance as Young came through with nine straight bullseyes.

Spittal took the B.C.R.A. bronze medal as runner-up.

Sgt. Jack Regan won the third stage by revision from Young while E. O. Roberts won the secretary's Miniature Cup for high tyro.

## \$180,000 To Be Objective Of October Chest Campaign

Greater Victoria's Community Chest will campaign next month to raise \$180,000 to assure continued operation of the 19 welfare agencies it supports, it was decided at an organization meeting at Prince Robert House this morning.

The drive will open Oct. 4 and will continue until Oct. 23. The objective this year is \$180,000—\$50,000 more than the goal in 1947.

With such a high objective, the board decided two men, rather than one, should head the campaign. It chose F. E. Winslow and Walter Walker, who have since agreed to accept the responsibility of acting as co-chairmen.

George Randall has been named campaign organizer.

### ROBERT HOUSE HEADQUARTERS

Prince Robert House will serve as Community Chest headquarters during the campaign. The joint chairmen issued an appeal

to citizens of Victoria, Oak Bay, Saanich and Esquimalt to plan and budget now to make a contribution to this year's drive.

"The people of this community, as a whole, failed substantially in their response to the Chest campaign of last October," they said. "Some gave splendidly. But many others gave nothing."

"The grand total of contributions was less than \$100,000—\$97,538.94 to be exact," Mr. Winslow said. The response represented only 75 per cent of the objective.

"According to statistics issued by the Canadian Welfare Council, Greater Victoria's response in the last Community Chest campaign was one of the lowest in Canada," Mr. Walker reported.

"Approximately only one-third of the householders of this large area donated to the Chest."

"This, we would say, hardly speaks well for a population of around 105,000 people. A community, too, that is officially credited with being unexcelled in all Canada from the important standpoint of per capita wealth."

### 'MUST REACH OBJECTIVE'

The chairmen agreed they could think of no better way of collecting for welfare needs in Greater Victoria than through a Community Chest.

"Last year the objective was not reached. This year it must be," they said.

"Unless the citizens of this area realize the seriousness of the situation and contribute as they should, it will be necessary to go back to the old method which means about 20 campaigns instead of one," they said.

"This old method is almost impossible to carry out as hundreds of canvassers are repeatedly asked to go over the same ground. This is unfair to canvassers, whose time is given freely, and to donors, whose time would be taken up by a multiplicity of visits from representatives of the various agencies."

## Loses Valuable Ring

City police were informed today of the loss of a valuable diamond ring owned by Mrs. Mary Emerick, 6907 South Paxton Avenue, Chicago, Ill., during her recent Victoria visit. A. N. Westwood, superintendent of Grey Line Tours, 629 Broughton Street, reported he had received a letter reporting this from the lady. It was a three-diamond platinum ring, the centre stone two carats and the two flanking it one and one-half carats each. Mrs. Emerick believes she lost it between Aug. 8 and Sept. 2.

## Pritchard, Bailey Winners Of Model Plane Championships

Jim Pritchard and John Bailey were the senior and junior winners respectively at the second and final meet of the 11th annual city championships of the Victoria Model Airplane League in Macdonald Park Sunday.

The meeting saw control-line speed and stunt flying and brought in many youthful enthusiasts.

First place in stunt flying was won by Norm Pugh in the seniors and Frank Lewis in the juniors. Frank hitchhiked down from Ladysmith to take part in the competitions.

In the speed competitions, Rod McLeod won first place with his model plane which reached the top speed of the day at 106.25 miles per hour. Mike Murray won second place. The class C speed competition was won by Pat Cole.

Results were:

Stunt, senior—Norm Pugh, first; Doug Collis, second, and Art Roy, third.

Stunt, junior—Frank Lewis, first, and John Bailey, second.

Speed, class C—Pat Cole.

Speed, class D—Rod McLeod, first, and Mike Murray, second.

The Model Airplane League is composed of a group of clubs meeting weekly to instruct younger members in model-building. The Colville Club will reopen this Wednesday, following the end of school holidays.

The Albatross Club, directed by C. Thomas, and the Oak Bay Community Centre Club will commence their winter activities on Friday. Anyone wishing information regarding these clubs is asked to call E 5903.

## Resolution Seeks Smelter On Coast

A resolution passed by members of the Britannia Branch of the Canadian Legion calls for the erection of a smelter and rolling mill at tide water on the west coast of Canada.

Copies of the resolution have been forwarded to the federal and provincial ministers of mines and the Vancouver Island zone council of the Canadian Legion. The two-fold resolution also states that the branch is against the shipment of iron ore and coal to Japan.

"The tremendous shortages of iron in all its forms... on the markets of the world today is a guarantee of full capacity production for such a smelter and rolling mill. It is a vital link in the defence and armament of our country during wartime," the resolution states.

In a second resolution, which has been sent to the City Council, the group goes on record as being against the current drive on the part of a group of contractors in the city to have a by-law passed whereby it would be compulsory for a person building his own home to take out a contractor's licence.

## Community Chest Dollars At Work

St. Joseph's Hospital Ladies' Auxiliary has been receiving less than one per cent of the funds allocated from year to year by the Greater Victoria Community Chest but with this modest appropriation it has accomplished much.

Mrs. Frank Doherty, president of the auxiliary, estimates that around 400 social assistance cases in the course of a year are directly benefited by the aid the auxiliary receives from the Chest. They are furnished with medicines, comforts and other requirements.

St. Joseph's Hospital auxiliary consists of a band of busy women, all contributing their services voluntarily and painstakingly to the general assistance of the hospital. "We're sewers," said Mrs. Doherty in explaining the work of her organization. "We meet every Friday afternoon the year round, except during July and August, making sheets, surgical garments, bandages and other medical and hospital necessities."

Out of the proceeds of its last bazaar the auxiliary was able to provide the hospital with an orthopedic table of the most modern type. Thousands of articles have been contributed to the hospital through the generous action of members of the auxiliary in giving up one afternoon a week to sewing and kindred pursuits.

The auxiliary also renders many other acts of kindness to hospital patients such as writing letters for them and visiting their homes and relatives where such latter are unable to visit them. Members of the auxiliary forever "go about doing good."

The Community Chest dollar assists people of all races and creeds. It strives to help ALL in need.

## General Manager Commerce Bank Confident No Depression Coming

There will be no depression of the magnitude of that of the 1930's following the current post-war boom, James Stewart, C.B.E., general manager of the Canadian Bank of Commerce, said here today.

Mr. Stewart, on a tour of branches in major cities in Canada, was of the opinion that better productivity, more efficient methods and management and the expansion of inventories would contribute toward prevention of a depression.

"There will be a readjustment—I don't know when—of prices, and, to a much lesser degree, of wages," he said. "This is a time for caution, but not pessimism."

Things appear prosperous all across the country, Mr. Stewart reported, but this was most noticeable on the prairies where a bumper crop is being harvested. He announced that alterations will be made to the main Victoria office at Government and Fort Streets to give more space. It will not be a major conversion however.

### SAVINGS SLOWER

Commenting on the record savings recently reported in Canada, Mr. Stewart said that saving was continuing but at a slower pace now.

The general manager is on his first visit to the city since his appointment to that position last December. He will be in B.C. 10

JAMES STEWART, C.B.E.

days then proceed to Calgary and Winnipeg via Seattle.

Traveling with Mr. Stewart is Francis P. Wilson, superintendent of the head office of the Bank of Commerce in Toronto. R. B. MacKay, superintendent of Pacific coast branches, is accompanying the pair while they are in this region.

While here Mr. Stewart conferred with Hon. John Hart, a director of the Bank of Commerce, and found time for a round of golf at the Oak Bay links.

## Says Calgary Arena Not Yet Started, May Cost \$2,000,000

Cost of an arena planned for Calgary which will seat 7,500 when completed is expected to reach nearly \$2,000,000, the city was informed today in a letter from W. H. Pearson of the Alberta city.

Mr. Pearson asked for data on the size of Victoria's Memorial Arena for use in a hockey program in Calgary.

He wrote that construction of the new Calgary rink, which also will be used as a sports centre, is expected to start in 1949.

The cost is expected to be \$2,000,000 less cost of refrigeration equipment, if present-day prices do not go any higher, Mr. Pearson added.

Victoria's arena will seat 4,700 when completed and cost is expected to be under \$1,000,000 when finished.

The Calgary rink was expected to cost \$750,000 when plans first were made, the writer stated, but soaring building costs have changed the picture a great deal.

# One Woman's Day

**TITHER AND YON**  
THIS IS FRANKLY a column of oddments in subject matter, queer things which have caught my eye—and my fancy—and which I think are worth comment.

For instance, the recent reminder by the acting Chief of Police that loud tooting of horns by merry matrimonial parties is against the law and will not be tolerated in Victoria is a timely one.

- More than once I have heard the night made hideous by the raucous, strident and continuous honking which is supposed, by some infantile minds, to be a fitting send-off to newly-weds. It certainly couldn't be described as a harmonious prelude to married life.

### OTHER ADDICTS

I WISH THE AUTHORITIES, at the same time, could extend their jurisdiction to another type of horn-blower, who seems particularly prevalent just now.

The current road repairs, necessitating the blocking off of part of many main thoroughfares, inevitably slows up progress. Yet, it doesn't matter how many cars and trucks and buses may be held up in a line, there is always certain to be someone who starts heckling impatiently.

It not only doesn't help matters, but it irritates drivers ahead and, in the case of a nervous driver, may well help to slow up the already slow pace. If police attention could be directed to such "hog-honkers"—even if it meant diverting some from their over-meticulous preoccupation with parking meter infractions—it might help the transportation problem.

**Diggonism:** Success is starting at the bottom and walking up.
